

THE GREEN SHEET

VOLUME VII, PART 2, MARCH/APRIL 1991

NEWSLETTER OF THE FLORIDA GOLF COURSE SUPERINTENDENTS ASSOCIATION

UPCOMING EVENTS

- March 7 South Florida chapter meeting, Williams Island; Speakers: Dr. D. Short and Dr. H. Frank, "Mole Crickets"
 - March 11 Everglades chapter meeting, Worthington CC, Bonita Springs. Speaker: Bruce Adams, SFWMD
 - March 12 USGA Greens Section Conference, Royce Hotel, West Palm Beach
 - March 14 USGA Greens Section Conference, Orange Lake CC, Kissimmee
 - March 20 Central Florida chapter meeting, Lake Nona CC
 - March 28 IFAS Field Day and FGCSA Research Green Dedication, U of F Fort Lauderdale Research Center
 - April 16 Everglades chapter meeting, Del Vera CC; Speaker: Ron Garl, architect
 - April 17 4th Annual South Florida Exposition, Ft. Lauderdale
 - April 18 Pest Control Workshop, Sanford
 - May 18 FGCSA Board Meeting, Naples Beach Hotel
 - May 18 G. C. Horn Golf Tournament, Naples Beach Hotel
 - May 19 FGCSA seminar, "The Thinking Superintendent", Naples Beach Hotel
 - May 20 Poa Classic, Flamingo Island Club, Naples
 - Oct. 13-16 FTGA Conference and Show, Jacksonville Convention Center
- 1992**
- Feb. 10-17 GCSAA International Golf Course Conference and Show, New Orleans.

Another Opening, Another Show!

Gerald Faubel, CGCS, outgoing president of the GCSAA, cuts the ribbon to open the 62nd annual International Golf Course Show in Las Vegas last month. On the left is Bill Roberts, CGCS, newly elected vice president. Steven Cadenelli, CGCS, new GCSAA president, is at right. Details and photos on Page 3.

President's Message

Palm Beach supts. impress ESPN, earn return invitation

Rich Brogan, superintendent at Polo Trace, through his involvement with the LPGA Oldsmobile Classic at Wycliffe CC

Ray Hansen

where Craig Foley is superintendent, asked our Palm Beach chapter if we would be interested in working the tournament for ESPN during the hours it was to be televised. They needed 35 volunteers and, fortunately, the Palm Beach chapter responded.

ESPN, to get proper information, needs spotters and scorers to radio to the tournament booth for updated reporting. Scorers responsibility was to report each players score at the finish of each hole and the spotters were to locate who was away, extraordinary situations, i.e., putting for an eagle or a leader in trouble so that cameras would know to zoom in on that situation.

Prior to our involvement, ESPN has used charitable organizations to help them accomplish this during their tournaments.

They were delighted to have volunteers who knew golf.

In return for our services, not only did they plug our association on national TV during the tournament, they also wrote us a check for \$2,000.

What a great public relations tool this can be for all of the chapters in Florida and throughout the states, for that matter, to get the exposure we deserve. ESPN said we were the best group they have had and would be happy to have our association help them in all their tournaments.

All it will take is for the local chapter to contact them in advance when a tournament is coming to your area.

Who knows, this could also spread to the other networks as well.

Florida fourth, Henderson eighth in GCSAA Championship

The 1991 GCSAA Golf Championship was played by 418 superintendents on four different courses in Scottsdale, Ariz., Feb. 4-5.

Roger Null of Missouri successfully defended his championship by winning the tournament for the third time. Dave Powell of North Carolina finished second in the Championship flight. The best Florida finisher was Mark Henderson who finished eighth.

In the First flight, Cary Lewis was the best Florida finisher in 10th place net. Pat Kearney was runner up gross in the Second flight.

In team competition, the Carolinas team took first place followed by the team from California in second. The Florida team placed fourth this year.

Since next year's championships will be played in Jacksonville, we would like to see more entries from Florida in the team competition. To qualify for the Florida team, a member must play in two of our three qualifiers (the FTGA tournament, the Poa Classic and the Crowfoot Open). The team will consist of the winners of the three tournaments plus the low net player. If you have a chance to qualify for the team, please keep a record of your scores. The state team is picked as soon as possible after the Crowfoot Open.

- Joe Ondo, CGCS

FGCSA continues research leadership with \$5,000 donation

The FGCSA reaffirmed its leadership in research donations to the GCSAA by renewing membership in the GCSAA Platinum Tee Club by donating \$5,000 to the GCSAA at the 62nd International Conference in Las Vegas Feb. 11.

The FGCSA is the only chapter of the GCSAA to be a continuing member of the Platinum Tee Club. The Florida superintendents continue to support turfgrass research through the Robert Trent Jones Fund.

Stefan Tumba of Sweden, left, now getting some technical training at The Falls CC before going to Moscow, USSR, posed with Shunzo Ota, representing a chemical firm in Shizuoka-Shi, Japan, right, and a colleague who could not be identified through the language barrier.

Sam Snead was signing autographs in the Bunton booth, left, while Mark Henderson, above, got a congratulatory kiss in the Precision Small Engine booth and David Mootte, below left, checked out the Jacobsen booth.

Cadenelli, Roberts elected; By-Law changes defeated

The GCSAA held their election of officers at their annual meeting on February 12, 1991, in Las Vegas. Stephen Cadenelli, CGCS, New Jersey, was elected to serve as President; William Roberts, CGCS, Michigan, was elected as Vice-President and Randy Nichols, CGCS,

Georgia, will serve as Secretary-Treasurer. Three members were appointed to serve as Directors: Gary Grigg, CGCS, Kansas; Charles Passios, CGCS, Massachusetts; and Bruce Williams, CGCS, Illinois.

The membership vetoed both By-Law changes that were announced at the meeting.

FGCSA Board meets Jan. 12 at Orlando Bay Hill Club

The Winter 1991 meeting of the FGCSA Board of Directors was called to order by President Ray Hansen at 10 a.m. Jan. 12 at the Bay Hill Club in Orlando.

SECRETARY/TREASURER: Minutes of the 1990 Fall Board Meeting submitted by Mark Jarrell were approved. He expects income for the 1990-91 fiscal year to exceed the budgeted \$80,000.

LAKE CITY COMMUNITY COLLEGE: Kevin Downing is now a member of LCCC Advisory Board. Because of a loss of state funding, LCCC has restudied its position on enrollment and is now prepared to accept 45-50 students. The Board felt that the college is also responding to superintendents who believe that the market would be flooded if enrollment had been increased.

Tim Hiers said many graduates expect too much too soon. Those who have little actual experience on golf courses are not ready to be assistant superintendents on graduation. They are not aware how a superintendent must keep abreast of all safety and chemical regulations imposed by the state in addition to their many clerical duties. Students must learn in school that superintendents do not ride around in golf carts and go to lunch!

FGCSA BLAZER: Mike Perham submitted a new blazer to replace the FGCSA green blazer which has been discontinued by the manufacturer. It was decided to keep looking for another manufacturer who might have a color that is more similar to ours.

GOVERNMENT RELATIONS: Tim Hiers and Ray Hansen said the Florida Golf Council is going in the right direction and urged our continued moral support. The Council hired an Executive Director and now shows a willingness to support turfgrass research. They have stated that "superintendents are the people we should be listening to". It was felt that the FGC is the vehicle that will get the industry together.

Tim Hiers reported that Jeffrey Hayden, Gainesville G&CC, is helping to attend Pesticide Review meetings and has been added to the Government Relations Committee.

Tim noted that the state of Florida will inspect your golf course and issue a Certificate to those courses who pass the inspec-

tion. He urged members to take advantage of this very helpful service, noting that we must regulate ourselves before we are regulated! The Board discussed adopting some guidelines to submit to local chapters for compliance. A discussion was held on the extreme difficulty of overseeing compliance. It was decided to "Develop a preliminary compliance package with the help of state agencies to submit to the FGCSA Board for approval before sending to local chapters."

WATER MANAGEMENT DISTRICTS: Tom Benefield reported that all Water Management Districts are revising their 20-year Policy Document. The first WMD to finish writing its Policy Document will lead the way. He has been attending the SFWMD workshops on this with specific attention being paid to reclaimed water usage. More people should know that golf courses do not use water, they recycle it and recharge the aquifer. Tom asked that anyone who has a current contract with their WMD, to send him a copy of the contract.

Eddie Snipes reported on a recent meeting of the St. Johns WMD to discuss changes in their Phase III regulations. He felt that by attending the meeting and speaking out first, the superintendents in attendance were able to get the message across.

FLORIDA GREEN: Joel Jackson officially announced his resignation as Editor of the Florida Green because of time constraints. He urged the Executive Committee to go slowly in choosing another Editor and offered to stay on as long as necessary for a smooth turnover. He urged participation by all members in establishing an interesting Editorial Calendar for the year.

Financially the Florida Green revenue already totals \$10,153 in receipts and receivables for the fiscal year with two more issues to go. When asked if it was worthwhile to increase from four issues to six per year, Joel responded that he felt the intent was to make the magazine more current rather than to generate more income.

The Florida Green won best overall in the GCSAA Newsletter Contest again this year.

MEMBERSHIP DIRECTORY: Marie Roberts reported that the 1991 FGCSA Membership Directory was mailed to all members in October this year thanks to the support of all local chapter secretaries for getting their dues lists in on time! The Directory is self-supporting and a financial success. Any suggestions for improving the format for next year's Directory are welcome.

MEMBERSHIP: Eddie Snipes is very

willing to help any chapter increase its membership because the state has a lot of room for growth. Many chapters are finding more new associates joining their chapters than new superintendents.

The Membership Committee was asked to look into an incentive program for recruiting superintendents. Eddie will present guidelines for the program to the Board for approval.

EDUCATION: Paul Crawford reported on the success of the Regional Seminar held in Palm Beach. We were especially pleased that so many non-certified superintendents attended to push the registration over the top. In response to a poll of Certified Superintendents, the FGCSA Education Committee has picked three topics for this year's seminar, which will be in the Orlando area, probably in November. More details will be given as soon as we hear back from National on our requested dates and topics.

This year's Poa seminar will be a "Thinking Superintendent" format with several superintendents giving illustrated talks on specific timely topics. In order to qualify for GCSAA CEU approval, the seminar will again be five hours with one hour devoted to pesticide safety so that 1 CEU can be granted for Florida Restricted Licenses.

Paul reported that the Committee is continuing to investigate a follow-up Mechanics seminar at Lake City and another series of pesticide seminars this summer.

RESEARCH: Ray Hansen reported that the FGCSA Research Green is fully grown in and is financially sound. Some additional expense may be necessary in order to purchase some much needed maintenance equipment. He announced that the USGA has approved funding for two grants to be performed at the Fort Lauderdale Research Center, one of which will be done on our Research Green. Projects will earn funds to support our technician and it is hoped that the green will eventually be self-supporting so that the Research Committee can use our funds for additional projects.

The FGCSA Research Green will be dedicated to Otto Schmeisser March 28 at the IFAS Field Day. All FGCSA members are invited to attend.

GCSAA: A discussion was held on our annual contribution to the GCSAA. Joel Jackson explained that last year's large donation was not necessarily meant to be a precedent but was done because we were the host chapter. He made a motion that we donate the budgeted amount of \$5,000 which is still

substantial enough to keep the FGCSA in the Platinum Tee Club. Mike Perham suggested that we earmark these funds for the Robert Trent Jones Fund. The motion was approved.

Ray Hansen read a letter requesting a donation to the Musser International Turfgrass Foundation which supports graduate scholarships in turfgrass. Dick Blake made a **motion that we donate \$250 to the Musser Foundation** in memory of Fred Grau. The motion was approved.

GOLF: Joe Ondo reported that he will be replacing Fred Klauk on the state team and that a second team has been established with Steve Wright, Rick Walker, Cary Lewis and David Court. Ray Hansen announced that the 1992 GCSAA Championship will return to Florida, probably in North Florida.

FTGA: Mark Jarrell announced that the FTGA is determined to fund the Envirotron this year in order to take advantage of state matching funds. The FTGA will pick up the shortfall from the general fund. However, they will be continuing to look for other ways to fund this program. Some members were offended by the last solicitation letter because of the large minimum donation. Mark explained that the mailing was aimed at a particular section of the golf industry and that all donations are welcome and certainly appreciated by the FTGA, no matter how small.

Mark urged all members to return completed surveys on the Conference to the FTGA. In response to a suggestion that donors and members be kept better informed on the progress of certain Endowments, Mark read a few figures from the FTGA Research Foundation budget for 1991. He suggested that any interested member should contact Bob Yount for a copy.

POA: Lou Conzelmann reported that this year's Poa Classic will be played at one of the newest golf courses in the Naples area. The G. C. Horn Tournament will continue to be played at the Naples Beach Club which will also serve as home base for all the festivities planned for the weekend.

CERTIFICATION: Dick Blake continued to urge all members to become certified. He reminded all that Certification is becoming more difficult each year and that the educational requirements for re-certification are also increasing.

AWARDS: Now is the time for all chapters to submit their Nominations for the Distinguished Service Award and the President's Award for Lifetime Service. These

nominations are due in writing to the FGCSA office before the Poa Board Meeting.

SURVEY: Mike Perham reported that he had already heard negative comments that the survey was too streamlined. He reminded the Board that last year's survey was criticized for being too detailed! Mike suggested that we continue to advocate a streamlined survey by the state, leaving the local chapters to structure a more detailed and pertinent survey in their particular areas. Marie Roberts reported receiving more than 225 surveys and hoped that results will be ready by March.

A discussion was held regarding the financial figures in the survey. It was decided that the purpose of the survey is to disseminate information to our members. **A motion was made that the survey results should be given only to FGCSA members.** The motion was approved.

LONG RANGE PLANNING: Paul Crawford reported representatives from three local chapters are eager to work on the Long Range Planning Committee. They met earlier this month and have come up with a list of recommendations. If any are approved, the Committee is willing to meet again to follow up on them. The Board acted on the following Recommendations.

1. Pursue hiring an Executive Director; set up job descriptions for Executive Director, all FGCSA officers and committees.

While this suggestion was favorably received, the principal concern of the Board was how to fund an Executive Director. It was suggested that a study be made of other state GCSAA chapters to compare dues and membership qualifications.

ACTION: The Board requested the LRPC to establish guidelines for the Executive Director job description so that the Board would know what type of person would be needed to fill the position. They were also asked to prepare job descriptions for all FGCSA board positions.

2. Sponsor an FGCSA Conference and Show.

The LRPC explained that this recommendation was not meant as a criticism but rather to change the direction of the education at the show to benefit superintendents directly, rather than trying to combine sod and turfgrass. Many superintendents feel that the Workshops and Concurrent Sessions are repetitive and need out-of-state speakers for a more universal perspective. Rick Haas reported that the Texas GCSA sponsors a two-day seminar immediately preceding their

TTGA show. Mike Perham reported that this year's FTGA show in Jacksonville will utilize out-of-state speakers.

ACTION: The Board decided to take no action on this recommendation.

3. Get an 800 number for the FGCSA office.

ACTION: The Board agreed to consider this recommendation and requested the LRPC to accumulate cost figures for possible inclusion in next year's budget.

4. Reorganize the Public Relations effort at state tournaments.

The Board felt this could be included in the job description for an Executive Director. Rich Brogan reported that the PBGCSA has volunteered 40 members to serve ESPN at the LPGA event at Wycliffe in return for a \$2,000 donation to their chapter.

ACTION: The Board took no action on this recommendation.

5/6. Aggressively pursue more members through local chapters.

The Board is concerned about the number of superintendents in the state who are not members of the FGCSA. The Board feels there is a large percentage of Florida superintendents who would be very likely to join if they were contacted personally by a member and invited to a local meeting. It was felt that Eddie Snipes should contact each chapter Membership Committee Chairman to offer our assistance in a membership drive.

ACTION: The Board decided to sponsor an incentive program for new members for the next fiscal year. In addition, **a motion was made to waive all state association dues** for any new member who joins before the end of the fiscal year and encourages all local chapters to do the same. The motion was approved.

NOMINATIONS: Ray Hansen explained the current process of electing new FGCSA officers and Joel Jackson suggested that we should evaluate it for possible revision. Since there is no provision for the election process in our By-Laws, it was requested that the By-Law Chairman, Bill Jeffrey, and Joel Jackson come up with suggestions to be discussed at the Poa Board meeting.

1993 INTERNATIONAL TURFGRASS CONFERENCE will be held at the Breakers Hotel in Palm Beach. The Board decided to establish a Committee composed of Paul Crawford, Dick Blake and Rick Haas to keep the Board informed on plans and offer to help with this Conference.

The next meeting of the FGCSA Board of Directors will be held at the Poa in May. The meeting was adjourned at 2:30 p.m.

Research green to be dedicated at IFAS Field Day

The 1991 IFAS Turfgrass Field Day will be held at the Fort Lauderdale Research and Education Center on Thursday, March 28. In addition to research presentations and demonstrations by turf and ornamental faculty, the Otto Schmeisser USGA Research Green will be dedicated by the Florida Golf Course Superintendents Association.

The turf portion of the program will be completed before lunch (12:30 p.m.). Registration begins at 8 a.m. The \$15 registration fee includes lunch. Three DACS recertification credits in the turf and ornamental category have been applied for. These CEUs will be applied toward your Florida Restricted Pesticide Applicators License renewal.

Overnight accommodations can be made through the Wellesley Inn in Plantation (800-654-2000). The agenda:

Time	Speaker
8:45 a.m.	Dr. T. E. Freeman, Introductory remarks, Envirotron for turfgrass research
8:55 a.m.	Dr. A. E. Dudeck, Producing sod on compost media
9:15 a.m.	Dr. G. W. Simone, Turf disease control update
9:35 a.m.	Dr. R. A. Dunn, Nematode management for Florida turfgrasses
10:15 a.m.	Dr. R. W. Webb, Pine tree decline research project
10:35 a.m.	Dr. D. E. Short, Turf insect control update
10:55 a.m.	Dr. J. H. Frank, Mole cricket research
11:05 a.m.	Dr. M. L. Elliott, Soilborne Plant Pathogens of Turfgrass in Florida

Field Research Demonstrations

11:15 a.m. - 12:45 p.m.

- Dr. M. L. Elliott** — A USGA research green in south Florida
- Dr. J. J. Cisar** — Monitoring pesticide mobility in a USGA green
- Dr. L. B. McCarty** — Weed control field plot demonstration
- Dr. R. Giblin-Davis** — Bermudagrass resistance to the Sting nematode
- Dr. G. H. Snyder** — Controlled release K source and N:K ratios for, and Mn and Fe deficiency of, bermudagrass
- Ms. K. Williams** — Sod production on solid-waste compost
- Dr. P. Busey** — Turfgrass improvement

**Otto Schmeisser/USGA
Research Green Dedication**

THE JOB SCENE

Superintendent positions open

- Superintendent of Greens & Grounds, Quail Creek CC, Naples. Experience in multi-course operation is preferred. Contact D. Keith Tanke, 6020 Pelican Bay Blvd., Naples, FL 33963 or phone (813) 597-2695.
- Superintendent. Royal Palm C C. Send resume to Jack Lawton, c/o Royal Palm CC, 400 Forest Hills Blvd., Naples, FL 33962.
- Superintendent. Jupiter Hills Club. Four year degree in agronomy or turf management preferred. Contact James Nolen, Jupiter Hills Club, 17800 SE Federal Hwy., Tequesta, FL 33469.
- Assistant Superintendent. Brookstone G&CC, Acworth, Georgia. Contact Reed Hopke, Jr.,

5705 Brookstone Dr., Acworth, GA 30101.

Mechanics Available

- Head mechanic: Robert Pagano (305) 421-1083.

Job Changes

- **Bobby Perez** has been promoted to the Superintendent position at Isleworth CC.
- **Joel Jackson** has accepted a position with Walt Disney World. Joel will be in charge of the growth of the two new Disney courses.
- **Mark Hampton** has accepted the position as superintendent at Royal Poinciana Golf Club, Naples.
- **Mike Mongoven** has moved to the two city courses in Fort Myers as superintendent of Ft. Myers CC and Eastwood CC.

VPI's Dr. Houston Couch to be featured speaker at South Florida Expo

The Fourth Annual South Florida Workshop and Exposition will be held at Rolling Hills Golf Resort in Fort Lauderdale on Wednesday, April 17, 1991.

The featured speaker for the 8:00 a.m. Workshop will be Dr. Houston Couch, Professor of Plant Pathology at Virginia Polytechnic Institute and State University. His talk, entitled "Optimizing the Effectiveness of Turfgrass Fungicides through Proper Application", has been approved by the DACS for 2 CEU's toward renewal of the Florida pesticide applicator license. You will learn how the pH of the spray solution effects fungicide efficiency, the relationship between nozzle type, pressure at the nozzle and fungicide effectiveness, guidelines for tank mixing spray materials and more.

At 10:00 a.m. the turfgrass booth area will open with suppliers setting up their

displays in the Rolling Hills clubhouse. You will be able to check out the latest pumps, fertilizers, pesticides, and other small equipment in a small, confined area to allow for personal contact and individual attention.

After the buffet lunch, the crowd will move to the fairways of Rolling Hills for the equipment demonstration portion of the program. Equipment

USGA GREEN SECTION CONFERENCES

Time: 8:00 a.m. to 4:45 p.m.

Fee: \$40 for USGA member clubs before March 5. Includes lunch

For more information, contact Shelly Foy at (407) 546-2620

**POA ANNUA
GOLF TOURNAMENT**

May 18-20
Naples Beach Hotel

- May 18:** 8:00 a.m. FGCSA Board Meeting
12:30 p.m. GC Horn Tournament
- May 19:** 7:30 a.m. FGCSA Seminar:
"Thinking Superintendent"
6:00 p.m. Cocktails/luau
- May 20:** Poa Annuia Tournament, Flamingo
Island Club, Naples

to be demonstrated by DeBra Turf, Hector Turf and Pifer, Inc. will include mowers/groomers, aerifiers, verticutters as well as utility vehicles and tractors. Do not miss this unique opportunity to compare equipment you use everyday under normal course conditions. For those of you who will be unable to travel to Jacksonville for the FTGA Conference in October, this will be your only chance to compare the latest equipment for your golf course.

Preregistration is \$25 per person prior to March 31. Please use the brochure that is enclosed in this *Green Sheet* for your registration. For more details, you may call Loy Faulk, Superintendent at Rolling Hills Golf Resort, at 305-472-6576.

Survey results to be mailed to members only by end of March

The 1991 FGCSA survey results are about 90 percent completed. Results will be sent to all FGCSA members as soon as calculations are finished which should be before the end of the month.

Mike Bailey, Survey Committee Chairman, reports that we have received 300 completed surveys. Our members should be congratulated for their response and we hope all will find the report useful.

This year's survey was streamlined to allow local chapters to do their own in-depth surveys on local issues. However, due to the tremendous response this year, the Committee will consider enlarging the scope of our next survey. The Committee will also incorporate many of the excellent questions that were suggested by our members when submitting their completed surveys.

Survey results will be sent to FGCSA members only.

Central Florida tournament nets \$3,000 for Envirotron

The Central Florida Chapter raised \$3,000 for the Florida Turfgrass Association's share of proposed Envirotron research facility at the University of Florida in

Gainesville with a golf tournament at Interlachen CC in Orlando Jan. 14.

Stuart Leventhal, CGCS, was the host.

Format was a two-man scramble pairing each superintendent with an official from his club.

It was pure "country club heaven" for the 50 eager golfers as the course conditions were absolutely perfect.

First place in the First Flight gross division went to the team from Winderemere CC, Terry Perry and Dan Burgess. First place in the net division went to the team from Winter Pines, composed of Joe Ondo and J. McMillin. First place in the Second Flight gross division went to the team from Continental CC of Tony Young and Bob Hunt. First place in the net division went to Isleworth CC, composed of Joel Jackson and Jim Ellison. Closest to the pin contests were won by Dennis Parker and Joe Ondo.

FGCSA gains 23 new members

Now is the time for all FGCSA members to invite your new neighbor to be your guest at your next local chapter meeting. In an effort to gain new members, the FGCSA has waived all dues for any new member who joins their local chapter before the end of the fiscal year. We need your help to encourage 100% participation from all golf courses in the state.

Central Florida chapter:

- David Wilder, Winderemere C C
- Wes Keenum, Urica GC
- Roger Chester, Harbor Hills G&CC
- John Carroll, DeBary Planation
- Dwight Kummer, Bay Hill Club

- James Kelly, City of Sunrise-Springtree CC
- Gayle MacGregor, West View CC
- Robert Mestre, Pine Island Ridge CC
- Bud Nolder, Calusa CC
- Keith Troonin, Emerald Hills CC

Palm Beach chapter:

- Mark Alexander, Gleneagles

South Florida chapter:

- Chad Burkett, Colony West C C
- James Cregan, Jr., Coral Ridge CC
- Keith Garstick, Miami Shores C C
- Owen Jozsa, Hillcrest C C
- John Kaczor, Inverrary CC

West Coast chapter:

- Steve Anderson, Brooksville G&CC
- Don Cox, Country Way GC
- Pete Garwood, Glen Lakes C C
- Scott Mason, Pasadena Y & C C
- Ron Mitch, Tarpon Springs G C
- Kirk Sowers, Cheval Polo & Golf Club
- Mark Tulvin, Cheval Polo & Golf Club
