

THE GREEN SHEET

VOLUME XXIV, PART IV, JULY/AUGUST 2008

NEWSLETTER OF THE FLORIDA GOLF COURSE SUPERINTENDENTS ASSOCIATION

Left: From left: Joe Pantaleo, superintendent of the Indian Creek C.C., and Past President of the Florida GCSA was presented the 2008 FGCSA Distinguished Service Award by current President Matt Taylor, CGCS at the annual Past President's dinner held during the Poa Annua Classic weekend in May. **Right:** From left Everglades GCSA President Corey McDonough presented Seth Strickland with the Poa Annua Trophy at the Poa Luau after Strickland shot a 71 on the Naples Grande G.C. to win the event May 10, 2008.

July 9th – Palm Beach GCSA Annual Meeting, Presidents Club

July 10th – Everglades GCSA Annual Meeting, Kensington Golf & CC

July 11th – North Florida GCSA Chemical Spill Response Training Class, Seminole County Ext. Service - Sanford

July 15th - Florida West Coast GCSA joint meeting with CMAA at Pasadena Yacht & CC

July 16th – Central Florida GCSA Annual Meeting, Oceanside GC

July 17th - Calusa GCSA Yellow Ball Tournament, Deep Creek.

July 22nd – North Florida GCSA Annual Meeting, World Golf Village – Slammer and Squire GC

Upcoming Events

July 22nd – North Florida GCSA Annual Meeting, World Golf Village-Slammers & Squire GC

July 23rd – Suncoast GCSA Bus trip, Tropicana Field, Rays vs. A's

July 23rd – Seven Rivers GCSA Meeting at Stone Creek

July 24th – South Florida GCSA Annual Meeting, Westview CC

August 4th – Florida West Coast GCSA Pro/Superintendent Trnmt., Cypress Run

August 7th – Everglades GCSA Golf Outing, Pelican Marsh GC

August 8th – Florida GCSA Annual Meeting, Grand Cypress

August 9th – Crowfoot Open, Grand Cypress

August 21 – Seven Rivers GCSA Meeting at Stone Creek

August 29th – North Florida GCSA Chemical Spill Response Training Class, Duval County Ext. Center, Jacksonville

Sept. 16th – Sept. 19th – FTGA Annual Conference and Show, PGA National Resort & Spa

September 27th – FGCSA Golf Championship, Southern Dunes GC

President's Message By Matt Taylor, CGCS

This coming August Shane Bass, CGCS will take over as the FGCSA President at the Annual Board meeting held in conjunction with Central Florida's Crowfoot Open weekend. Once again, the events will be held at Grand Cypress. I am sure Tom Alex and staff will have the place in great shape once again. I forgot to ask Tom but I do not think the Georgia Superintendents are having an event at Grand Cypress the same weekend, so I am sure we will not have to cancel. If you have not attended the Crowfoot or have not attended recently you should, it is a great time.

At the same time Craig Weyandt will be leaving the FGCSA Board after serving his year as Past President. Craig has done an excellent job for us over the years not to mention that he stayed an extra year as President, something that had not been done in many years.

My year as President was certainly bitter sweet. It was tough to see Marie Roberts leave after 24 years, but we are fortunate to have found Jennifer Innes to take her

place. It was also a good move for the association to officially make Joel Jackson our Executive Director after all he has done for us over the years.

I hope that by now most of you have registered for the upcoming FTGA Conference and Show to be held at the PGA National Resort & Spa from September 16th – 19th. This year's format has been slightly changed in hopes of growing the numbers of attendees. Dr. Bryan Unruh from the University of Florida has once again done a fantastic job with the educational programs. There is certainly something for all aspects of our industry. The keynote speaker this year will be NFL All-Pro middle linebacker Bill Bergy who played for the Eagles from 1974 – 1980. We look forward to seeing you there for this excellent opportunity for continuing education, and catching up with old friends.

At the last FTGA Board meeting held in Orlando the FTGA decided to move forward with proposal from the University of Florida to update the Economic Impact Study for Turfgrass that was last done in 2002. When this study is completed in will give an updated look at the impact

Matt Taylor

that not only golf courses have on the economy of Florida but the entire turf grass industry. Unfortunately this information has been needed too often this past year to defend turfgrass. We have used the information on issues ranging from water shortages; dealing the losing Methyl Bromide and explaining the benefits of urban turfgrass in light of multiple local fertilizer ordinances.

Well this is my final message. It seems like it's been a long time coming. I hope everyone enjoys the rest of the summer, and make it a point to attend a few more chapter meetings next year to help support our association and our golf industry.

Approved GCSAA PDI Points - FTGA Conference & Show Sept. 16-19th.

Executive Director Report

By Joel Jackson, GCCS

1. Government Relations Report: Local Fertilizer Ordinances –

Jacksonville/Duval County has drafted a local fertilizer ordinance for adoption by the county commissioners. Green Industry representatives are generally pleased with the draft as the ordinance used a lot of the language and science contained in the model ordinance in the State Fertilizer Task Force recommendations. Golf courses were directed to follow the BMP Manual for Golf dated 1998 from UF/IFAS. We wrote and suggested that they might want to cite the updated version that was published in 2007.

Look for more counties and cities to seek to enact fertilizer ordinances. Stay vigilant to local meetings and discussions and be prepared to present the BMP alternative for science-based, practical and proven environmental protection when applying nutrients. Your voice must be heard to help make a difference.

Water Restrictions and Conservation –

Year round landscape watering restrictions are being discussed on a statewide basis among the 3 water management districts in peninsular Florida with two-day per week in the summer and one-day per week in the winter months. While these one size fits all restrictions are easier to administer they often don't reflect the soil types, rainfall distribution or other climatic differences from north to south or east to west in the state. It's a start, but we still need flexibility to keep landscapes healthy. Proper watering scheduling by homeowners could save a ton of water if they would only get educated and care enough to be more vigilant. There is increasing talk about restricting reclaimed water use on golf courses to divert more reclaimed to residential irrigation and get them off potable water. Before they go cutting off the effluent to golf courses, they need to assign a usage permit for adequate gallonage to serve the courses

that have been safely disposing of their waste water all these years.

Nemacur – The EPA, responding to a request by Bayer and members of its distribution system, have extended the deadline for sales of Nemacur already in the warehouses. The new date for all sales to cease is November 30, 2008.

2. Upcoming Events:

August 8th – Florida GCSA's Summer & Annual Board Meetings at Grand Cypress, Orlando

August 9th – Central Florida GCSA's Crowfoot Open, Grand Cypress Resort, Orlando

August 15th – Deadline to make hotel reservations for the FTGA Conference and Show. You can register and get your reservations information online at: www.ftga.org.

September 16th – 19th Florida Turfgrass Association Conference and Show, PGA National Resort, Palm Beach Gardens

3. GCSAA News: The Florida GCSA is proud to nominate Bob Randquist, CGCS for the office of GCSAA Secretary/Treasurer for the 2009 GCSAA elections to be held in New Orleans at the Golf Industry Show.

4. Executive Director's Summer Planner

Attend local chapter meetings by invitation - TBA
 June 29 – July 1st, GCSAA Chapter Executives Task Group Meeting, Lawrence, KS

August 15th, September/October Green Sheet issue due

August 16th – 19th American Society of Association Executives Conference, TBA

August 20th Golfdom Magazine article due

U. Conn Studies Turf Supplements - You can participate in the research

I am a researcher for the University of Connecticut's Innovation Accelerator. We are investigating the wide spectrum of grass and turf supplements that are currently used by course superintendents today, and their green alternatives. Below is a link to our anonymous survey which should take no more than 5 minutes to complete. If you deem it appropriate, we would greatly appreciate it if you could pass it along to the members of your association's mailing list to further advance our research.

Please note that we are not trying to sell anything, and that we will be happy to share the analysis of this survey with you and your members. If you have any questions, please give me a call at 860.728.2141, or if you prefer, you may contact my faculty sponsor, Paul Gilson, pgilson@business.uconn.edu, directly.

Please click below to complete survey:

PBGCSA 7th ANNUAL FISHING TOURNAMENT

By Marie Roberts

Chairmen Ed Miller and Paul Crawford reported that the 2008 PBGCSA Fishing Tournament was a spectacular success at Blowing Rocks Marina in Jupiter. The weather was much better this year and a great time was had by all.

Congratulations to the winning boat in the Heaviest Kingfish category as well as the Top Boat Category -- The "One & Done" captained by Mike Carver, with crew members Jason Maret, David Tandy, Mike Robertson, Jimmy Lane and Brian Sanders. The total pounds caught were a whopping 239 pounds with the Heaviest Kingfish weighing in at 44 pounds.

The winner in the Heaviest Dolphin category was the "TeriAnn" captained by Bob Jacks with a 33 pound Dolphin. Crew members were Matt Schad, John Spiwak, A J White, Bill Rayside and Tim Whitaker. There were no Wahoo to be found this year.

Many thanks to our Sponsors - Milliken, Helena Chemical, Grigg Brothers, Golf Ventures, Detailed Sports Turf Construction, Florida Superior Sand, QGS Development, Hector Turf, Country Club Services, Harrell's Fertilizer, Neff Rental, UAP Inc., Precision Small Engine, Hendrix and Dail, Kipp Schulties Golf Design, Dow AgroSciences, Sullivan Electric & Pump, Disbrow Enterprises, Kilpatrick Turf, WW Equipment, Flowtronics and T. J. Swaford. Without their generous support, this event would not have been the financial success that it was again this year.

FUTURE OF GOLF TOURNAMENT ANOTHER GREAT SUCCESS

By Steve Pearson

The 28th Annual 'Future of Golf' PBGCSA Fund Raising Tournament was held Saturday, June 7th at The Falls CC. A new record of 39 foursomes(156 players) was basking on a beautiful, sunny but windy day at The Falls CC which had undergone a total greens renovation the previous summer. Now playing on Mini-Verde bermudagrass greens the players were tantalized with new green speeds and contours.

As usual, the monies raised by the players and sponsors will be going to worthwhile benefits in turfgrass research, student scholarships and junior golf. The Palm Beach Chapter is proud in keeping to its tradition of raising substantial proceeds for these causes. Net proceeds for this year should again be close to \$25,000.

The Palm Beach Chapter would also

like to thank all of the sponsors who give generously each year. this year we are especially appreciative in light of the struggling economy.

Results:

1st Place Team - James Ferber, Jeff Egolf, Frank McKee and Paul Crespo.

Winning score - 57

2nd Place - Justin deLaski, Scott MacPhee, Joel Tholund, Glenn Thompson

3rd Place - Mark Reid, Ashley Byham, Blair Kirbey (known as Team Australia)

4th Place - Kevin Fipps, Dan Robertson, Jack Dalton, K.C.Henderson

5th Place - Mike Bonetti, Howard Hulsebosch, Bob Harper, Joe Pantaleo

6th Place - Karl Schmidt, R.J. Smith, Jell Klontz, Peter Brooks

Closest to Pin

Hole #3 - Steven Fox - 3'-11"

Hole #7 - Gary Martin - 6"

Hole #11 - Kevin Maingof - 3'-11"

Hole #16 - Bob Harper - 3'-9"

Closest to Line Drive - Jeff Skipper - 1'-5"

Longest Drive on #14 - Scott MacPhee

From left: Shooting a sizzling 57 the team of James Ferber, Jeff Egolf, Frank McKee and Paul Crespo won the 2008 Palm Beach GCSA Future of Golf Tournament at The Falls C.C.

Minutes of FGCSA Spring Meeting

The spring 2008 Board meeting of the FGCSA Board of Directors was called to order by President Matt Taylor at 1:00 p.m. on Thursday, May 8, 2009 at the Naples Beach Hotel.

All officers were present. All Chapters were represented. The Chapter Representatives were:

Calusa; Nancy Miller, Everglades; Wayne Kappuaff, Central Florida; Gary Myers, South Florida; Kelly Cragin, Coastal Plains; Shane Bass, Suncoast; Bob Wagner, Seven Rivers; Mark Kann, Treasure Coast; John Curran, North Florida; Rip Phillips, West Coast; Bill Kistler, Palm Beach; Kevin Downing, and Ridge; Tom Barnett.

Others attending the meeting were: Craig Weyandt, Immediate Past President; Tim Hiers, Past President; Joe Pantaleo, Long Range Planning Committee Chairman; Jennifer Innes, Association Manager; Joel Jackson, FGCSA Executive Director; Casey Pace, FTGA Executive Director; Bill Tyde, President, Suncoast GCSA and John Gallagher; member Palm Beach GCSA.

Minutes of the FGCSA Winter 2008 Board Meeting were approved.

Fertilizer research Fund Project Report

– Tim Hiers presented to the Board the Fertilizer Research Fund Project. The project will bring in \$1.00 per ton of fertilizer. The participating fertilizer company will send to the FTGA office every four months a record/list of fertilizer purchases (in tons) by their customers. The FTGA will then send an invoice (strictly voluntary) to that customer at a rate of \$1.00/ton to be remitted to the FTGA and deposited in the Fertilizer Research Fund. This new plan will cost less money per club than previously planned and it will be easier for the participating fertilizer companies to participate. Bob Wagner motioned for the

board to approve the project as presented. The Board approved the new project and it will be enacted in September with full implementation in January.

Benevolent Fund – A motion was approved for the Board to provide maximum assistance to Dan Jones and both custodial children for their college fund. Much consideration was given for Dan and Irene's many years of service to the FGCSA and the Golf Industry, i.e. setting up and operating the Florida Green for over 13 years, a major funding source. In addition an addendum to the Benevolent Fund was introduced and motioned by John Curran for approval. The Board unanimously approved. The change in wording will read as follows: "...In addition, discretionary donations or gifts would be considered upon the death of a member, spouse's relative, or non-member, but involved in the golf/turf industry. Any FGCSA member/non-member in the golf/turf industry or surviving spouse, each child or custodial child is eligible for assistance. The Board also approved a motion by Kevin Downing allowing funds that were donated by the FGCSA to the West Virginia GCSA in memory of George Beljan, father of Jan Beljan, to move from an Operating Account donation line item to a Benevolent Fund line item.

Financial Statement – Bill Kistler presented the current financial statements. Gary Myers motioned for the financials to be approved. The Financials were approved. The First Draft of the 2008/2009 Operating and Publications Budget were introduced. The Florida Green will work on reducing costs in the upcoming fiscal year by removing the cover gate-fold and going to a self contained mailing format. The new format will be on 80lb paper. Jennifer presented the Board with figures of the current production costs and the anticipated production costs in the new format. The Board agreed to begin cost saving measures with the Fall 2008 issue. A

letter will be mailed to the current advertisers announcing the change and the additional advertising opportunities that will become available; inside front cover ad space. In addition, ad rates will increase this year to respond to rising costs of production and postage.

Additional donation line items were discussed with some concern and discussion over our donation line items. These items will be tabled until the budget is completed and the availability of funds assessed. Jennifer will also find out the anticipated costs for the Spring regulatory Tour so we can create a line specific item in the Budget. The Executive Board will work on filling in the remaining line items and will present a completed budget to the Board 30 days prior to the Annual Meeting for changes and/or tentative approval. External V.P's were reminded to communicate to their chapter Secretary/Treasurers that a list of new members needs to be submitted to the FGCSA office by August 15th for inclusion in the Membership Directory. Chapters will no longer send in a check with their lists, but will be invoiced by the FGCSA office once the member's names are received. The Chapter's were reminded that the FGCSA dues will increase to \$80.00 this year.

LRP - Joe Pantaleo updated the Board on the Long Range Planning committee. The FGCSA is currently on track investigating new website design possibilities and also moving forward with the planned Membership dues increase as well as the advertising rate increase. We will continue to investigate cost cutting measures as well as revenue producing ideas.

Executive Director Report – Joel Jackson will continue to work on an Environmental Position Paper which will emphasize recognizing and promoting the BMP manual. Information was presented to the Board for review and comment.

....Continuation of Spring Board Minutes

Joel felt we need buy-in and support from the major golf associations in order to move forward with this project. (CMAA, Florida State Golf Association, Golf Course Owners Association, PGA sections)

Water restrictions – movement on FGCSA proposals to modify water allocation methods has been slow. Water consultant Bruce Adams has proposed filing a variance laying out our rationale, evidence and proposals for the methodology which will provide more equitable and sustainable water allocations.

Publications – Kevin Downing offered an idea to include a Board Member's Golf Pro tip in the magazine to include more about the game vs., the course in the magazine. Joel will explore the suggestion. Since the Florida green was discussed at length during budget and Long Range Planning discussions, nothing more was presented. Membership Directory Ad sales from the 2009 Directory have begun. We have already secured advertisers and more insertion orders are arriving daily.

Reception Report: The final reception financials were reported to the Board. We ended up just under \$6,000.00 over budget. We budgeted accurately for food and drinks, but because of the nature of this year's reception there were some unanticipated costs. Paul Crawford did an excellent job with planning and managing the reception and, most importantly, Marie enjoyed her send-off. Next's year's reception will be held in New Orleans. Jennifer submitted a proposed location but will investigate its proximity to the hotel and any safety concerns. She will also look into using busses to transport guests back and forth. Projected figures will be inputted in the budget prior to the Annual Meeting.

Education Committee – Mark Kann presented the Board with a list of upcoming educational opportunities. Specifically the Seminar on Friday May 9th

with Tommy Witt and the UF/IFAS Turfgrass field day on May 21st.

Financials – Craig presented to the Board the Morgan Stanley Account financials. In lieu of the economy the account looks good with only a minor decline in value and the changes to the portfolio that were made last year have proven to be positive.

Membership - Wayne Kappauf presented the current membership data. A reminder was made to all Chapters to prepare for membership renewals and new members. It will be interesting if membership numbers will change with the increase in dues and the current economic climate. It was discussed whether any of the chapters have used the T.A.N. memberships to help tap into the 30% of non-members. This is something the Chapters should re-evaluate.

Turf Grass Workshop – The USDA is sponsoring a Turf Conference on May 13-14th in Orlando. This is a great opportunity for our industry to unite and present our needs for basic research in the future.

FTGA– The FTGA is working hard to revitalize the association to its roots and core values by increasing membership. Currently the FTGA has 800 members. Casey also reported that the budget cuts

that are occurring at UF/IFAS are not disproportionate to the University cuts. Most of the cuts will occur on the admin side. The FTGA Conference and Show planning is in full swing. It will be held September 16-19 at the PGA National Resort and Spa with an "Accelerate Your Business and Profits" theme. This year an Awards Luncheon will be held in which all participates are encouraged to attend. In addition, this year's Corn Boil will be held off-site at a unique hunting/sports lodge on Thursday night, Sept. 18th.

GCSAA – A letter of recommendation will be submitted by the FGCSA to the GCSAA nominating Bob Randquist to run as Secretary/Treasurer of the GCSAA.

SOP Manuals – Updated SOP Manuals were handed out to the Board.

New Business - Kevin Downing requested a copy of the local chapter's budgets to bring to the GCSAA to show and discuss the realities of the local chapter's abilities to take on projects, donate funds, hire staff etc.

The meeting was adjourned at 4:00 pm. The Summer/Annual Board Meeting will be held at Grand Cypress on August 8th at 1:00pm with lunch served at noon.

At the FGCSA Spring Board Meeting in Naples, Matt Taylor, CGCS, FGCSA President gratefully receives a \$5,000 turf research check from Rip Phillips, President of the North Florida GCSA.

32nd Annual Crowfoot Open Set for Saturday, August 9th

This year's Crowfoot Open will be a one-day event – play the tournament in the morning and attend the reception in the evening – all on Saturday August 9th. This year there will be the two-man scramble or the modified stableford for players who would like to play their own golf ball. If you are competing for the playing spot in the GCSAA tournament, you must play the modified stableford. There will be flights for the tournament based on handicaps. Registration and breakfast begin at 7:00 am. There will be an 8:00 a.m. Shotgun on the New Course. The cocktail reception and award ceremony will be held at the Executive Meeting Center. Dress is casual.

On Sunday, August 10th, there will be a fishing tournament and a two man horse race golf event on the East Course. The fee for the fishing tournament is \$20 per participant. The fee for the horse race is \$50 per team. Participants in the horse race will be able to play the East Course until noon. Pairings for the horse race event pr the fishing event begin at 8:30 a.m. with a 9:00 a.m. start.

Practice round will be available on August 8th at a rate of \$50.00 plus tax for superintendents. Please contact the Tee Time office at (404)239-1909 to reserve your tee time.

Lodging is again available at the Villas of Grand Cypress. The rate is \$150.00 per bedroom plus applicable taxes. The rates are in effect from Thursday, August 7th until Monday, August 11, 2008. Check in time is 4:00 p.m. and check out time is noon. Please identify that you will be attending the 32nd Annual Larry Kamphaus Crowfoot Open tournament and ask for the superintendent's rate. The toll free number is 800-835-7377.

Entry into the golf tournament, which includes continental breakfast on range, box lunch, beverages on course and cocktail reception for \$130.00. Additional cocktail reception tickets are \$40.00.

If you would like to participate in any of the activities of the 32nd Annual Larry Kamphaus Crowfoot Open and have not received the Crowfoot brochure, please e-mail your request to Lisa at lmcdowell@grandcypress.com.

Mark Kann and Glenn Oberlander with the Seven Rivers GCSA thank Brad Reano and Debbie Nipper of Golf Ventures and associated donors for the \$25,000 turf research donation as Champion Sponsors of the 2008 Jeff Hayden Envirotron Classic.

FGCSA GOLF CHAMPIONSHIP SET FOR SEPTEMBER 27TH AT SOUTHERN DUNES GOLF CLUB

DATE: Saturday, September 27, 2008

TIME: 12:00 p.m. Lunch buffet
1:00 p.m. Shotgun start

ENTRY FEE: \$ 80.00 includes lunch, golf, range balls and prizes
Payable to FGCSA at 1296 Oceanview Cir., Jensen Beach, FL 34957
