This is the first time, we believe, that our Association has visited this club. Joe Butler, the host Superintendent, (his first year here), will be looking for you.

The Warwick C.C., Warwick, R. I., scene of our July meeting, fulfilled all the nice things which had been said about it. Seclusively and beautifully located on Greenwich and Narragansett Bays it proved to be a very restful sojourn for the boys and girls who took the day off. The enjoyable buffet luncheon on the breeze-swept veranda, the excellent condition of the course, including tip-top greens, and finally topped off by a full course shore dinner at Rocky Point were admirable features of the day. In fact, Ye Editor was so intent on enjoying a restful day he failed to obtain the results of the tournament and many other details which should have been secured. Excuse please.

"Certainly work is not always required of a man. There is such a thing as a sacred idleness — the cultivation of which is now fearfully neglected." J. McDonald.
