It is always a pleasure to visit the Manchester, N.H., Country Club, the scene of our last meeting, July 7. The view of the course from the rear of the spacious club house is an attractive picture of lucious fairways extending into distant borders of large white pine trees. The scene is one of those tempting "Come and try me" looks. Those stately innocent looking white pines always give an account of themselves during a round of golf. The resounding KLICK KLOCK of golf balls hitting the fat tree trunks was a consoling reminder that somebody else was in trouble too.

There was no doubt that a good time was had by all, thanks to an appetizing luncheon, the generous hospitality of the club and in particular the kindness of host Supt. Ed Buecher and Mrs. Buecher who graciously entertained some of our ladies.

"An effort made for the happiness of others lifts above ourselves" — L. M. Childs.

Following are a few of the host Supt.'s maintainance practices at Manchester:

Analysis of fertilizer used — 8-6-4.

Pounds of Nitrogen per thousand per season:

Greens—8 lbs. Tees—6 lbs.

Greens height of cut — 1/4".

Mowing days—Mon., Tues., Wed., Fri., and Sat.

Five greens mowers owned. Four ready for use always.

Men employed entire year—2.

Entire summer—7.

By the way, no comments have been received whether or not our readers are interested in these maintainance practices. If you wish them continued or have any suggestions please don't hold back. Tell us.

The afternoon blind bogey tournament is being reported separately by chairman Milt

Brown. At the short business meeting an application for associate membership was submitted from John Hudyke, Franconia C.C., Springfield, Mass.

It was learned that Joe Oldfield's son has just received an appointment to West Point. Congratulations, boys, to both of you.

FOR SALE

One Converse Rotary Screen with Briggs-Stratton Engine.

And one Toro Dump Trailer.

Contact Elmer Fuller, Highland C. C., Attleboro, Mass.

Don't forget this year the Kingstone, R. I., Field Day will be held September 11 and 12. Watch for official notice.

THE AUGUST 4th MEETING

will be held at Lake Sunapee Country Club, New London, N. H.

Luncheon will be served promptly at 12:30.

Supt. Henry Homan promises a big day. This is a course you will all wish to see and play. Get an early start and Be There.

Look up New London, N. H. on your road map and follow the most direct new highway. For most members probably route 3 via toll road through Manchester would be the best.

You all have an invitation from the Mitchell Bros. to visit Kearsarge Valley Golf Club which is about two miles from Lake Sunapee Country Club.

"The best and most important part of every man's education is that which he gives himself." — E. Gibbons.

H. DARLING, Editor
