NEWSLETTER

August 1961

The August meeting was held August 7, 1961 at the Oak Hill Country Club, Fitchburg, Massachusetts. Host Supt. Tom Curran had the course in fine condition and all who played certainly enjoyed the day. The course and conditions were ideal for our Championship Tournament as the State Amature had only recently been played there.

Charlie Wilson, Agronomist, Milwaukee Sewerage Commission was our guest speaker and he had an excellent talk illustrated with slides.

Dr. Skogely and Dr. Wakefield from the University of Rhode Island were present. They invited all to attend the turf field day August 23 and 24 and to enjoy the Bar-B-Cue later that evening.

Professor Joe Troll, University of Massachusetts was present and he passes on this information in regards to diseases.

Results of plugs sent to the University of Mass. have shown 19 out of 20 plugs to be a complex organism of Helminthosporium-Curvularia and Fusarium, which is very difficult to control, best results have been Acti-dione Ferrated at recommended rates. Good control also reported by using Iron sulfate with thiram $\frac{1}{2}$ to 1 oz. Iron sulfate per 1000 sq. ft. at 5 to 7 day intervals. Be careful with Iron and Acti-dione Ferrated as it may burn.

Arthur Anderson was nominated to represent our Association at the National Turf Conference on the nominating committee and Bob Grant and Dick Blake were nominated to serve on the advisory committee.

Edward Olson, 85 years of age and former Pro-Supt. at Segregansett Country Club, Taunton, Massachusetts, died recently.
