UMASS receives over \$100K in USGA Grants

By Michelle DaCosta, Ph.D.

I'm happy to say that we have 2 proposals that have been approved! There were 61 projects requesting more than \$1.1 million. The USGA was able to fund 14 projects at \$227,000. This was a really competitive program, and we are really appreciative that the USGA was able to fund two different projects at the same university.

My project is called: Early Physiological Changes Associated with Cold Deacclimation of Annual bluegrass and Creeping bentgrass. Total funding is for \$60,000 over 3 years. Additional funding for this research has been provided by the New England Regional Turfgrass Foundation (\$32,500) and the O.J. Noer Research Foundation (\$30,917). The objective of this research is to understand some of the underlying factors that explain differences in winter injury potential for annual bluegrass and creeping bentgrass. The ultimate goal is to provide turfgrass managers with information to help reduce winter injury.

The other funded project is a join project by Dr. Scott Ebdon and myself: Efficient Irrigation of Golf Turf in the Cool-Humid New England Region. Total funding

is \$57,304 over 3 years. Additional funding has also been provided by the New England Regional Turfgrass Foundation (\$30,000). The objectives for the research are to examine differences in water use for turfgrasses maintained under diverse management conditions, and to develop crop coefficients for more efficient irrigation of turf. Results from this research can be seen at the UMass Turf Research Field Day on July 21, 2011 (figured I'd put a plug in for that).

It is important for people to know that the funding provided by the NERTF really helped leverage additional funding by the USGA, and we are grateful. •

"In our profession we are known as a greenkeeper-now, for the betterment of our profession, so that it will carry more prestige in the eyes of the public. The title Superintendent of the course should be acclaimed. It is the public we are selling ourselves to, therefore we should have a title that they understand."

University of Massachusetts Turf Research Field Day Thursday, July 21, 2011

Turf managers and associates from across the Northeast region: mark your calendars for University of Massachusetts Turf Research Field Day on Thursday, July 21, 2011. Please take note that the date for Field Day has been moved back approximately one month from our traditional mid-June slot. This change was made in response to popular demand for an opportunity to view turf during the stressful summer period and perhaps better distinguish experimental differences. As in the past, this year's event will be held at the UMass Joseph Troll Turf Research Center on River Road in South Deerfield, Massachusetts.

Take a short break from your busy schedule to join us for a morning of education and insight. Field Day 2011 will focus on the research currently taking place at the Joseph Troll Turf Research Center as well as on research being conducted at other locations by University of Massachusetts Turf Program faculty, staff, and graduate students. Attendees will enjoy meeting and speaking with UMass researchers and viewing projects underway. Current research includes studies on the biology and integrated management of turf-damaging insects and diseases, short- and long-term weed management, fertility, water use, pesticide fate and wear tolerance. An array of National Turfgrass Evaluation Program (NTEP) turfgrass variety trials will also be featured. The half-day agenda will include a trade show, with numerous Green Industry vendors and exhibitors on hand.

Support the UMass Turf Program with your presence at Turf Field Day 2011! Come to learn about cutting-edge turf research, network with colleagues, and meet with exhibitors. Pesticide re-certification contact hours have been requested in categories 37 and 00, valid for all New England states. Continental breakfast and complete picnic lunch are included in the price of registration.

For additional information, including attendee/exhibitor registration information, visit http://www.umassturf.org.

Questions can be e-mailed to fieldday@umassturf.org. Sponsorship opportunities are available. fieldday@umassturf.org.

Government Relations Attends Agricultural Day

By Mike Rose, GCSANE Government Relations Chairman

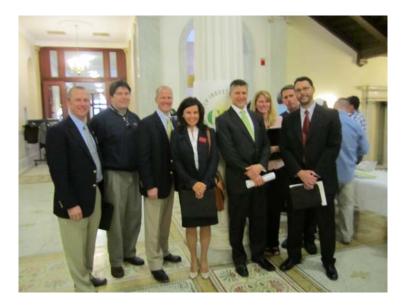

On Thursday, April 7th members of the Government Relations Committee attended the annual Agriculture Day at the Massachusetts State House. During the day Russ Heller, Jim Favreau, Chuck Bramhall and I were able to meet with each of our district's State Representatives and Senators to personally discuss matters before the Legislature this upcoming session. There are several items moving forward that have a bearing on our industry. One that we are in support of is a measure to allow the state to have the authority over any regulation of fertilizer that may be enacted. We believe giving the state the same type of regulatory power over fertilizer that it now has over pesticides will prevent individual cities and towns from creating their own legislation. This could lead to 351 different sets of standards and many of those may be based on politics and emotion, not scientific research. While we may wish things would be left as is regarding fertilizer use, some type of regulation is inevitable and it seems to our advantage to have the state, in conjunction with the UMass Cooperative Extension set the rules.

There is also a bill filed to create a separate list of "the most dangerous" pesticides and then either further regulate or outright ban those products on the list. The GCSANE opposes this legislation as we believe there is already sufficient oversight regarding all pesticides and especially those listed as "Restricted Use". We were able to communicate this to our elected officials and hope that they will vote with our objections in mind.

We also had a chance to meet with Lee Corte- Real from the Dept. of Agricultural Resources to hear the latest on the proposal to institute e-licensing in Massachusetts. Sad to say, but after five years and a substantial amount of money, this remains a long way off.

The members of the Government Relations Committee will continue to keep an eye on Beacon Hill and beyond for issues affecting the golf course maintenance business. If you have any questions or input, please let one of us know.

GCSANE Government Relations Committee

Only John Deere Golf offers both a full selection of golf maintenance equipment and soft goods from top name brands. Plus advice on how to pick the best of each for your course. Call us today.

Think Ahead.

Thinking About It

By Don Hearn

One of the problems most associations wrestle with is dwindling numbers of active participants. Our association is no different. We've all had ideas about why it seems fewer people attend and we've all made excuses for why we've missed a meeting. Too busy, too far to travel, don't like the venue, too expensive, whatever the reason it's probably been a weak rationalization for staying at work. Of course there are times when

it really isn't possible to be at the meeting and I'm not talking about those times.

When you consider the amount of time you spend at the club, do you really think being away for a day or a portion of a day will make that much of a difference? Do you really think the people you work for will be upset because you went to a meeting of your professional association? Do you think their love for you will be diminished if you're away from the club for a day? Don't worry about it, they won't miss you.

I know you might be thinking, "Yah, easy for him to say, he doesn't have the responsibilities I have." Well, you're right. I don't have those responsibilities - now. But, at one

time I did. So when I say this, it's from the perspective of being in your shoes. I'm not suggesting you have to go crazy and attend every meeting. That would be wonderful but not realistic. Going to just one more than you did last year would be a nice step forward.

Our Board of Directors has forever tried to come up with ideas that might create more attendance. Different ones work for different people, but it doesn't seem there's a format that works for all, and there probably won't ever be one.

Regardless of what your preference might be, it's to your advantage to be an active participant in your Association's activities. Even if you come for part of a day, have lunch, walk around the course if you feel don't have time to play it, talk with a few of your friends, visit with some of the salespeople, or talk over a problem you might be having at your club, it's better than not coming at all. Who knows, you might pick up an idea, new product information or see how a peer solved a problem similar to yours.

If nothing more than getting away from the grind for a few hours, attending a meeting can be a great mind clearing experience. *

I AWITL

If your goal is to produce

CHAMPIONSHIP

PLAYING CONDITIONS

EVERY DAY,

You Are Not Alone

We offer you the soil testing, the analysis, the range of turf management products and the depth of support that no one else can match. Be cause it's not just about selling you supplies. Its about supplying you with everything you need to be successful. With Tom Irwin, you're not alone.

Call Fred Murray at (800) 582-5959 to be connected to the Tom Irwin advisor who can help you realize your goals.

Project EverGreen GreenCare for Troops

Have you ever wondered what you could do for those who are serving our country overseas? Project EverGreen has developed the GreenCare for Troops to connect green industry professionals like you and me with thousands of military families nationwide. Landscape professionals and individual volun-

teers donate their services to the military families during their deployment time not to exceed one year. As of right now there are over 20 families across Massachusetts requesting assistance with their lawn and landscape maintenance.

Based in New Prague, Minnesota, Project Ever-Green is a national non-profit organization representing the green industry service providers, associations, suppliers, distributors, and individuals. The link between the families and the volunteers is done at the Project EverGreen headquarters. If a volunteer is located in the area of a military family, the military family is contacted by telephone or email with the volunteer's infor-

mation. It is the military family's responsibility (due to confidentiality of the family's information) to contact the volunteer. Being a non-profit program they have a skeleton staff; therefore in the effort to accommodate as many military families as possible those participating will hear from GCFT only when they have a volunteer to assist them.

To date GCFT has more than 10,000 military families and more than 3,200 volunteers nationwide who has registered with the program. To participate as a family in need of lawn care, or to volunteer to ease this burden for a military family, please complete and submit a short on-line registration form which can be found on their website www.projectevergreen.com/gcft
Donations are also welcome. Feel free to contact me at 508/872-9790 ext. 19 if you have any questions. *

Send your BEST photos

I have added this photo section to the Newsletter to promote some laughter, a touch of embarrassment, a lot of "What the heck was that person thinking?" and also some helpful tips to learn from. It will be published monthly, but that will be solely based on your participation. A brief description of the content in the photo, where it was taken and what you did to fix it. They can be of turf problems, equipment failures, operator errors, vandalism, and Mother Nature at her best or her worst.

Please send your photos to imartin101@gmail.com.

15th green at President's GC. These people were in a fundraising tournament about 5-6 years ago. They certainly were having a good time and how many times has a GCS thought the players were clowns!!

ANNOUNCEMENTS

Our condolences are extended to Jim Medeiros and family on the recent passing of Jim's mother, Lucille Medeiros, on May 4, 2011.

Affiliate Update:

Alan started at Northeast Nursery in December of 2010 They are a full service Golf and turf supplier of fertilizer, seed, chemicals and full landscape materials.

Alan Vadala Northeast Nursery Golf and Turf Division Alanjvadala@yahoo.com

Cell: 774-766-2516

As in the past, *The Newsletter* continues to invite Affiliate members to submit a press release about new personnel, new products or a company bio. We will print each and every release free of charge. This is a great way to advertise for

Volunteers Needed:

Rhode Island Country Club and I wanted to get this letter out sooner rather than later. As always, we will be in need of volunteers for the CVS Charity Classic in June. The dates this year are Saturday, June 18th through Tuesday, June 21st. The following are the times we will need volunteers: Saturday – 4am-7:30am; Saturday – 12pm-7pm; Sunday – 4am-7:30am; Monday – 4:30am-10am; Monday – 2pm-7pm; and Tuesday – 4:30am-10am. We will provide breakfast, lunch, or dinner depending on when the volunteers are working. Volunteers will also be provided with a complimentary golf shirt, a big thank you to Melissa Gugliotti and Syngenta for sponsoring these shirts.

We will also have the honor of hosting the 111th U.S. Women's Amateur in August. This will be the 4th time Rhode Island Country Club has hosted this event, the last time being in 1987. This is a very demanding event as it lasts for 10 days. The practice rounds are held Friday, August 5th through Sunday, August 7th. Stroke play will be Monday, August 8th and Tuesday, August 9th. These two

days will be the most challenging as there are 156 competitors that begin play off of 1 and 10 tee at 7:15am. These two days will require early start times and as many volunteers as possible. Match play begins Wednesday, August 10th and lasts until Sunday, August 14th. These days will be a little easier as the field is cut from 64 on Wednesday all the way down to two on Sunday playing 36 holes. All 10 days will require volunteers with the majority being needed Monday through Wednesday. Volunteers will be provided with meals and a complimentary golf shirt as well, a big thank you to George Wise and Eric Euell and Steven Willand Inc. for sponsoring the volunteer shirts.

Thanks for taking the time to read this and consider either volunteering your time or someone on your staff's time. It's a great opportunity to gain some tournament experience and also to network with your fellow colleagues. I know budgets are tight and our time is very valuable, but please let me know if anyone is interested in volunteering for any of the two events we will be hosting this summer. Please respond to either my cell or email which is listed below.

Sincerely, Tom Hoffer, Superintendent Rhode Island Country Club (P) 401-450-6456 (F) 401-245-7940 (E) thoffer@ricc.org

CALENDAR

May 23:

GCSANE Scholarship & Benevolence Tournament

Cohasset Golf Club

IDEAL POWER GREENSMOWER

GUARANTEED TO EQUAL OR SURPASS THE FINEST HAND CUTTING

This mower is built to greenkeepers' specifications. It has overcome every objection that greenkeepers have had to using power on the green. It not only saves labor, but it also gives you a job of cutting that will equal or surpass any lawn mower manufactured, whether it be hand or power.

You will immediately notice the vast improvement in the putting surface of your greens, and your members will very quickly pass their favorable comments.

With all its advantages and conveniences, this mower is within the economical budjet of any golf club, as it only costs \$220.00 complete for the 21" size. This price includes a rubber tired cart for transporting the mower from green to green.

Why not write or call today for a demonstration?
