THE WINDERMERE GOLF LINKS.

Like many other places where it is possible to do so, Windermere has added to its already numerous attractions a first-rate Golf course. The Windermere Golf Club was formed three years ago, and from its beginning up till now it has flourished beyond all expectation. Situated on very high ground, amid the most lovely of English scenery, the links command a magnificent and far-reaching view of the Lake mountains. There is perhaps no point in the Lake country from which Scafell Pike, the Langdale Pikes, Coniston Old Man, Bowfell, and Red Screes can be seen to greater advantage.

The Links present that amount of variety which is the delight of the golfer, and are thoroughly sporting in character. No two holes in the least resemble each other. From one teeing-ground the player drives over a valley, and the goal is within sight on the other side. From another he must play up a steep, craggy slope, as at the "Ramparts" hole, a trying one to the lungs as well as to the muscles. From another, to avoid coming to grief, he must clear a little trout stream, a bog, or a clump of heather. At some holes the hazards are not formidable, while at others, if unsuccessfully dealt with, the player suffers severe retribution. The whole course of eighteen holes has been done in seventy-nine by Mr. Charles Dunn, late captain of the club.

Seeing that the Windermere links possess quite a character of their own, there is much curiosity as to what score Mr. Hilton will accomplish the course in, as well as the other leading amateurs who are to play in the Open Grand Tournament, which is to take place on the 25th and 26th instant. On these dates silver plate to the value of £50 will be played for. The tournament is to be in celebration of the opening of the new club-house, on the building and furnishing of which £1,400 has been spent.

It would be difficult to imagine a more beautiful and attractive Golf course than that at Windermere, or one more adapted to the game.

LEASOWE GOLF CLUB.

In the presence of a large company interested in Golf, the Leasowe Golf Club opened, on Saturday afternoon, May 5th, their new club-house and course. The new course lies to the south of Leasowe Castle, stretching from the castle to the Wallasey Golf Links, abounding with natural hazards. It consists of nine holes, but sufficient land is available to permit of the full round of eighteen holes being made. The new site is in every respect superior to the old one alongside the Leasowe embankment, and upon which, notwithstanding its many inconveniences, the members have played since the club's inaugurations several years ago. The club-house, a handsome wood and brick building, is situated at the Leasowe end of the links, and provides ample accommodation for the requirements of the members, there being dressing, dining, and reading-rooms, baths, and kitchens, also excellent facilities for drying clothing, &c. The building has been constructed by Messrs. Smith Brothers, of Hoylake, from the designs of Messrs. Woolfall and Eccles, architects, Liverpool, and has cost about £700. The site on which it is placed could not have been better chosen, as from the front of the club-house a splendid and uninterrupted view is obtained of the whole Mersey estuary. The club is in a most flourishing condition, and already has reached its limit of 200 members, while many have expressed their desire for election. To inaugurate the new course a foursome was played between Mr. John Ball, jun. (Amateur Golf Champion), with Mr. R. Johnston, against Mr. J. Cromarty and Mr. C. H. Smith; Mr. Ball, as captain of the club, driving the first ball. The result of the game was that Messrs. Ball and Johnston won the match by 3 up. During the afternoon many members played over the course, and expressed themselves highly pleased with it. For the convenience of the golfers a new station has been erected at Leasowe by the Wirrel Railway Company, at which Mr. Carr, the manager, has made arrangements for trains to stop at convenient hours during the day.

In the evening a dinner was held in the club-house, at which about forty members were present, Mr. John Ball, jun., the captain, occupying the chair. After the usual loyal toasts, Mr. W. A. Taylor proposed "Success to the Leasowe Golf Club," which was responded to by the hon. secretary, Mr. Cromarty. The health of the captain was proposed by Mr. W. H. Roxburgh, and received with great enthusiasm, Mr. Ball replying in a brief, but very facetious speech. During the evening songs were rendered by Messrs. C. H. Smith, Theo. Evans, J. M. Campbell, and T. Cromarty.

SOUTHWOLD GOLF CLUB.—On Saturday, April 21st, a prize given by Mr. Jas. Crimmen was played for, the winner being Mr. J. B. Gooding with a score of 96, less 10=86, and on Saturday, April 28th, a prize given by Mr. W. T. Hanner was won by Mr. C. J. Waller with 102, less 15=87.

The newest addition to the large private Golf courses in the immediate neighbourhood of the metropolis is that of Romford. A large stretch of the Gidea Hall estate, a mile and a-half from the town, has been acquired for the purpose, and the new club, and its committee of management especially, deserve high praise and hearty congratulations upon the fruition of their efforts to establish the sport in a becoming fashion in the neighbourhood. It is only a few weeks since the notion was bruited, and the energy which has been imported into the movement may be gauged by the statement that, on Saturday, the 12th inst., a magnificent course was formally opened to the play of an already numerous membership. Over a hundred acres are already under contribution. There are eighteen holes, varied and interesting, some of them very sporting, and the turf gives promise of splendid condition throughout, within a short space of time with the expenditure of a fair amount of labour and attention, which the enterprising committee may be depended upon not to neglect.

* * *

The course as yet is not definitively settled, there being more land available than has been utilised. Not only, however, is there ample room for a more extended regular course, but there is in contemplation a separate links for ladies. The existing hazards consist of hedges, ditches, small ponds, and a fair array of artificial bunkers. There is at present an agreeable variety of distance in the holes, but some of the longest are likely to be still further extended. The farthest range from tee to green in the meantime is 378 yards, and the shortest 134 yards. The club has been fortunate in securing the services of George McIntosh, a Montrose man, as professional. McIntosh is not only a good ground-man, but a skilful teacher and club-maker.

* * *

The formal opening of the course on Saturday, was preceded by a luncheon, at which Mr. Money Wigram, the newly elected member for the Romford Division presided. In a happy and humorous speech he proposed success to the club, and subsequently Mr. F. Green, the captain, drove, amid cheers, a splendid ball for the opening. One of the residences on the estate has been converted into a magnificent club house, but even its spacious convenience may shortly be expected to be

ACHES AND SPRAINS!—When a Peer out in the mountains of Chinese Tartary gives a Panamik coolie some Elliman's Embrocation to rub in for a sprain, and the coolie drinks it by mistake, and exclaims, "It is good," you have evidence that Elliman's Embrocation is harmless. Proof:—"To one of the Panamik coolies, who had sprained his knee, I gave some Elliman's Embrocation, in one of our tin teacups, and thought I had made him understand he was to rub it in, but to my horror, and before I could stop him, he swallowed the lotion, and in a very short space of time was sprawling on his stomach, choking and spluttering; but as soon as he recovered his breath, he got up and salaamed, saying it was very good. So, as he seemed quite pleased and none the worse, I did not enlighten him as to his mistake."—Page 13. Quoted from "The Pamirs," by the Earl of Dunmore, F.R.G.S., 1893. Elliman's Universal Embrocation for Rheumatism, Lumbago, Sprains, Bruises, Cuts, Sore Throat from cold, Chest Colds, Stiffness, Cramp, Bronchitis, &c., is an excellent good thing. outreached. The membership has already approached the 200 limit, at which point a substantial entrance fee is to be imposed. In Mr. Leslie Hollebhone, the club has an energetic honorary secretary.

The letter of Mr. Hilton, in our last week's issue, requires from us a few comments. In the first place we beg to assure Mr. Hilton that in any remarks we see fit to make, either adverse to or in praise of himself or any other golfer, we never allow personal feelings of animosity or prejudice for one moment to influence us. Our sole concern is the best interest of the game of Golf. For no golfer can we have greater respect than Mr. Hilton, who stands on the highest height as one of the best exponents of the game. On this very account any action of his naturally attracts attention, and if we ever compliment him or blame him, we hope that either way he will suppose we mean well, and would not trouble ourselves to do either were he not a player of the first water. Many times we have spoken of Mr. Hilton in the highest terms of praise. Twice only, as far as we can recollect, have we done the opposite. On one occasion, on the strength of a Manchester paper's own statement, we took him to be the writer of a paragraph in that paper which he disowned. For that, surely, we were not to blame. On the present occasion we criticised adversely his claim against Mr. Ball, of Leasowe, in the question of the foul at the ninth hole in the Hoylake Championship competition. Mr. Hilton himself allows that such criticism was general, and that "the bulk of sympathy" was with his opponent. He must see at once that we stand clear of any suspicion of personal animus in the matter.

* * *

This being premised, we hold that Mr. Hilton is indebted to us for the opportunity of giving his version of the unfortunate incident in our columns, which, as he knows, are at all times open to discuss both sides of any question that may arise. Instead of speaking of our "uncalled-for remarks," and our "ungenerous criticism," he ought to be grateful for us for allowing him to put himself right with the golfing fraternity, for, say what he may, we are certainly aware that our view of the matter was largely that of the Championship gathering, and that in giving our opinion we voiced the general opinion of those who are concerned to see Golf played as it ought to be. Mr. Hilton would appear to be venting upon our heads a certain amount of wrath engendered by even more severe criticism than ours, for we may remind him that "unsportsman-like behaviour" is his own phrase, not ours.

* * *

Let Mr. Hilton and others clearly understand where our objection came in. It was to the spectator who figured in the incident. This party, we hold, had no right to interfere, as he is said to have done even in Mr. Hilton's version, and Mr. Hilton, as one of the best exponents of Golf and Golf law, should not have sought to take advantage of his (the spectator's) interference, which the *Scotsman*, whose report of the meeting is one of the best and has not been challenged, described as *officious*.

* * *

Mr. Hilton says our account of the said spectator's action is incorrect. The paper we have quoted, and many others we could quote, give entirely the same version. Mr. Hilton's controversy, by his letter, is shifted from us to the committee. The committee, no doubt, heard the version of the incident he gives in our columns, and the version of his opponent, and then (not now) the spectators referred to by Mr. Hilton should have been cited. That the committee decided against Mr. Hilton is proof that our report was correct, and our remarks neither "uncalled for" nor "ungenerous."

* * *

Mr. Hilton has also a serious reckoning with Mr. Ball, his opponent, who cannot, out of justice to himself, allow the letter of Mr. Hilton to pass unnoticed. Any remarks we saw fit to make on the ex-Open Champion's action are mild compared with what he says regarding Mr. Ball, of Leasowe, who, if he is guilty of all that Mr. Hilton lays to his charge, ought to avoid entering for future Championships. We leave him, however, to answer for himself.

The "Garden Golf," for which Messrs. Grant and Co., Stafford, are responsible, will, we believe, drive completely from all private lawns and parks any lingering remnants of croquet and such-like games. For the small sum of one guinea this enterprising firm make miniature Golf possible for every family with a respectable plot of ground on which to lay out the course. A feature of the Golf set for this garden game is the parachute ball, which, even by the Champion, could not be driven more than thirty yards. This allows the practice of even the *swiping* portion of the game. But, discarding this, the golfer who wishes to practise the short game at home (as many do) can have it all under the most comfortable circumstances by the appliances of Messrs. Grant and Co., which are simple, strong, and every way excellent. Within grounds of about one acre we have seen the game thoroughly enjoyed, a nine-hole course being laid out, with various bunkers, such as nets provided in the Stafford set, flower-beds, gravel-walks, &c., and the game was delightful. Many golfers who have already laid out garden courses will find the hole-markers and other requisites provided by Grant & Co. of great use.

* * *

"Paper Tees" seem to be receiving the attention of the makers of Golf appliances, and no doubt demand must be causing supply. A pick of wet sand is the best tee, but on many courses this cannot be got. Hence the paper tee, which is meant to be so cheap that the player or caddie does not require to pick it up again, as in the case of the Bloxam and Douglas Sixpenny Patent and some others. With their Garden Golf guinea set Messrs. Grant & Co., include a 1s. box of 100 tees made by Atkinson, Lancaster and Kendal, very neat in appearance. Messrs. Thornton & Co., announce a box of 108 for 6d., the tee in this case being of pasteboard, each weighing less than 3 grains. In neither case does the artificial tee offer any resistance to the impact of the club.

* * *

At the spring meeting of the Warwickshire Golf Club, Mr. H. B. Bainbridge had the misfortune to be disqualified for sending in his card ten minutes after the fixed time, he not being aware that there was any time-limit for making a return. His round of 87 gross was the best played at the meeting, and would have won him the scratch as well as the handicap prize.

* * *

Mr. Garden G. Smith, an artist-golfer well known in East Lothian, and now resident in the South, contributes an instructive little article on "Golf for Girls" to a recent number of *The Girls' Own Paper*. The article, which is a model of admirable condescension, is illustrated by the author, and nothing could be better as to poise, attitude and swing than the young lady driving "a full shot," which serves as the frontispiece. Mr. Smith upholds the somewhat heterodox view that golf is indigenous to the Scottish soil, and that the Dutch copied the game from the Scots, the two nations being closely connected early in their history by the bonds of trade. Being a good golfer himself, Mr. Smith has some useful hints to give to ladies, which they may study with profit to their play; and we admire his hardihood in taking his life in his hand and treating without fear of the consequences the delicate topic of a lady golfer's dress!

* * *

Mr. D. L. Thorpe, a member of the Carlisle Club, while playing over the course at Dalston one afternoon last month, and using his cleek (patent) for the seventh hole—distance about 100 yards—not only holed out from the teeing ground, but the ball pitched straight into the hole C. The flag being

in, at the time no doubt prevented the ball from jumping out. The depth of the hole was between four and five inches. The stroke was witnessed by the pair in front who had just holed out and were moving off the putting-green.

* * *

On May 2nd, playing with Mr. C. Bryans, Mr. F. Beaton accomplished the Hayling Golf course in 75, 38 strokes out, 37 in, the figures being:—Out, 5 3 5 4 5 5 4 3 4; in, 5 2 5 4 6 4 2 4 5. This constitutes the amateur record for these links, and ties with the previous one made by the professional Taylor. The well-known difficulty of this course makes the feat excellent for any one, and, when it is remembered that Mr. Beaton is only seventeen years of age, the merit of the performance is enhanced.

* * *

At the opening of the new links at Leasowe, on Saturday, the 5th, the captain of the club, Mr. John Ball, jun., appeared on the links in a red coat!

* * *

We have received from Mr. William Turner, Cambrian Iron Works, Newton, North Wales, a specimen of a teeing ground indicator. It is a small slab of iron with a large letter T in black on white ground, the number of the hole, and an arrow pointing out to players the direction in which the teeing ground lies. It is obvious to every one who visits strange links that these indicators would be of enormous advantage in enabling players to find the teeing grounds without labour or inquiry. When the teeing grounds are changed, also, members of clubs will find these markers of very great assistance. We understand that the suggestion is due to the hon. secretary of the Montgomeryshire Golf Club, and that they are used on the links there.

* * *

On Thursday, the 3rd inst., D. W. Clark, professional of the Dunbar Golf Club, broke the record of the new course over Dunbar Links with a splendid score of 76, in a game partnered by Mr. T. J. Grahame. His score was as follows:—Out, 4 3 5 5 3 3 4 6 4=37; in, 4 5 3 3 4 6 5 4 5=39; total 76.

* * *

Mr. George Pyman, of West House, West Hartlepool, playing with Mr. F. W. Purvis (the captain of the Seaton Carew Club), on Saturday, the 5th inst., broke the amateur record of the Seaton Carew Links (81 strokes) by 3 strokes, going round in the splendid score of 78, composed as follows:—Out, 5 5 4 4 4 6 5 4 5=42; home, 4 4 5 3 5 3 4 4 4=36; total, 78. It will be seen that there was scarcely one bad hole in the round, the 6 to the sixth hole being only 1 stroke more than "par" play. Mr. Pyman's performance is all the more remarkable, as he is only a golfer of some two or three years' standing. The previous amateur record of 81 was accomplished by Messrs. F. W. Purvis (twice), J. B. Dale, James Tennant, and Seymour Walker.

* * *

PROFESSIONAL FOURSOME.—A competition between Douglas Rolland and Jack White and Willie Park, jun., and Hugh Kirkaldy took place on the Worlington and Newmarket Clubs' course, at Worlington, on Saturday, in very unfavourable weather. The players started in a heavy rain, and led alternately in the first nine holes, Rolland and White finishing 1 up. The weather cleared, and wind rose at the eighteenth hole, at which point Rolland and White had increased their lead 3. Scores:—Rolland and White, 81; Park and Kirkaldy, 85. In the afternoon Rolland and White had it all their own way, the ex-Champions never catching them. After being 5 up and 9 to play, the end came soon, Rolland and White being 6 up and 5 to play. The bye was won by Park and Kirkaldy. The final scores were:—Rolland and White, 86; Park and Kirkaldy, 89.

* * *

ST. ANDREWS LOCAL CLUBS MEDAL.—In the final Mr. A. C. Aikman (Thistle) and Mr. T. W. Robb (Guild) tied at 85. On playing off Mr. Aikman won with 84 against 90.

A new twelve-hole course was laid out last week on Onchar Head, Douglas Bay, Isle of Man, by Tom Morris, St. Andrews, and George Lowe, St. Anne's.

CORK GRIP WANTED.

To the Editor of GOLF.

SIR,—Could you or any of your numerous readers kindly inform me, through the medium of your valuable paper, where I could obtain the thin cork sometimes used for Golf club grips, and if same is fastened with glue.

I am Sir, &c.,
GRIP.

QUESTIONS ON THE RULES.—LIFTING THE OPPONENT'S BALL.

To the Editor of GOLF.

SIR,—I should very much like to hear the opinion of old golfers on the question of lifting the opponent's ball when playing *through the green*.

Rule 31 says that "all loose impediments may be removed from the putting-green, *except the opponent's ball*," &c. Does this define a "loose impediment?" If so, by Rule 11 the opponent's ball, being a loose impediment, can be lifted, if within a club's length. Or is Rule 20, the six inch rule, in force through the green?

As Rule 31 expressly excepts the opponent's ball, and Rule 11 does not, it might be argued that the omission is intentional, as it certainly ought to be.

Unfortunately, however, with the present Rules, the question is not what the Rules say or do not say, but what is the use and wont of experienced golfers.

I am, Sir, &c.,
R. S. C.

ANSWERS TO CORRESPONDENTS.

H. ROSS COUBROUGH.—The ball should be brought back and placed as near as possible where it originally lay. The suggestion of a rub of the green is, of course, absurd; and A cannot be asked to penalise himself two strokes (as would be the case were B's ball to be allowed to lie where A had driven it) when the rule and the practice are quite clear as to the penalty.

C. W. COX.—There is no register of Golf clubs. "The best means of making a personal communication to the secretaries of as many existing clubs as possible" is to make use of the columns of this journal, either by advertisement or otherwise.

H. S. THOMPSON.—The only Cheadle club we know of is at Cheadle, in Cheshire. To the best of our information there is no club at Cheadle, in Staffordshire.

GOLF IN ULSTER.—Inexpensive and enjoyable. Climate mild and bracing. Unsurpassed Eighteen-hole Seaside Courses. Portrush, Co. Antrim; Portsalon and Rosapenna, Co. Donegal. Superior Hotel accommodation. Special arrangements for Golfers all the year round. Full particulars from Thos. Cook and Son, and H. Gaze and Sons, Tourist Agents; and in Belfast from G. L. Baillie, 21, Arthur Street, and E. J. Cotton, General Manager, Northern Counties Railway.

ABERDEEN.

ABERDEEN CLUB.—The spring meeting of this club began on Thursday, May 3rd, over the club's private course at Balgownie Links, near Aberdeen. An attractive programme had been drawn out, and the various competitions were divided over four days instead of three, as formerly. The meeting this year was postponed until the first week in May in order that the weather conditions might be of a more favourable character than the club has been accustomed to for years past. In this however, the members were woefully disappointed, for two worse days than the opening ones could not well have been imagined. A strong, gusty, northerly wind prevailed on the whole of Thursday, when the Johnston cup (scratch) and the silver cross (handicap), were the trophies played for. Twenty-one couples started, and it was expected that Mr. L. Stuart Anderson, who won the cup last year with the score of 78—which, at that time, was the best scratch score in the club competitions—would again prove successful. This anticipation was realised, as Mr. Anderson handed in a card of 83, which was not beaten by any of the other competitors, and thus carried off the cup for the second year in succession. His score of 83 was made up as follows:—Out, 3 5 3 6 4 5 4 7 3=40; in, 5 4 3 6 6 4 6 5=43; total, 83. The wind at the time Mr. Anderson played his round was exceedingly troublesome. Taking this fact into account, and also that the length of the course has been considerably increased since last year, the winning score on Thursday was the result of very steady, if not brilliant, play. As Mr. Anderson had to add 3 to his score, he was out of the running for the cross, which eventually went to Mr. W. D. Davidson with a score of 87, less 5=82, made up as follows:—Out, 3 4 6 7 4 4 5 7 4=44; in, 3 4 4 4 6 4 6 5 7=43; total, 87. The next best scores were:—Mr. C. Angus, 88, less 6=82; Mr. A. W. Mitchell, 88, less 5=83; Mr. M. M. Duncan, 88, less 3=85; Mr. L. S. Anderson, 83, plus 3=86; Mr. W. C. H. Jopp, 91, less 5=86; Mr. A. W. J. Storie, 94, less 7=87; Mr. W. F. Orr (scratch), 88; Mr. J. M. Duncan, 91, less 3=88; Mr. F. C. Diack, 93, less 5=88.

On Friday, when the blue ribbon of the meeting—H.R.H. Prince Leopold's Cup—was competed for, the weather could not have been worse. A strong northerly gale prevailed all day, accompanied by heavy showers of snow and sleet. Considering the unfavourable conditions, it was a wonder that any competitors ventured out at all, but eleven couples were found bold enough to enter the lists, and of these Mr. L. Stuart Anderson, who returned with a score of 91, was found to be the winner, his score being 6 strokes less than the second man on the list. Despite the severity of the weather, Mr. Anderson played a very steady game throughout; but declared he never played Golf under such unfavourable conditions. The following were the next best scores:—Mr. F. McCrae 97, and Mr. M. M. Duncan 99.

On Saturday, the third day of the meeting, the competitors were favoured with much better weather, and there was a large turnout of members to compete for the monthly scratch medal and the Pickop-Dutton Cup handicap. In addition, the monthly winners for the scratch medal during the previous twelve months, played off two rounds, or 36 holes, for final possession. Six competitors were found entitled to compete, and after being partnered by ballot, played off with the following result:—Mr. L. Stuart Anderson, 80, 85=165; Mr. J. Burnet Craigie, 91, 88=179; Mr. W. C. H. Jopp, 94, 90=184; Mr. W. F. Orr, 90, 94=184; Mr. J. M. Duncan, 98, 87=185. Mr. Anderson thus became the final winner of the medal, while his first score of 80 brought him in the winner of the scratch medal for the month. The Pickop-Dutton Cup fell to Mr. G. G. Whyte with a score of 94, less 16=78. The following are a few of the best scores handed in:—Mr. G. G. Whyte, 94, less 16=78; Mr. W. D. Davidson, 84, less 5=79; Mr. A. W. On Thursday afternoon the opening of the Kirriemuir Ladies' Golf Club took place on the course on the Hill. The weather was stormy with occasional heavy showers of rain. Miss Ogilvy of Lisdin, president of the club, had a marquee erected on the course for the purpose of entertaining the company at tea, but before the opening the wind blew the marquee down, and the company had to resort to another tent which had been erected the day previous for the Auction Company. Only seven couples entered for the monthly handicap gold medal, but before the close a large company of ladies and gentlemen assembled in the large marquee and partook of tea. The competition, which was carried out under great difficulty, resulted as follows, viz.:—Miss Hutchison, 125, less 4=121; Miss Carrie, 132, less 7=125; Mrs. Ogilvy, 131, less 5=126; Miss A. GUILDFORD GOLF CLUB.

The spring meeting took place on Thursday and Saturday, May 3rd and 5th, in lovely weather and under favourable conditions for scoring, except that on the opening day the wind was rather strong for the last half of the round. Three new greens were opened for the meeting and gave great satisfaction, as did the general state of the course, which reflected the greatest credit on the green-keeper, D. Pinkerton, whose task was no light one after the drought of last year. On the opening day Mr. H. L. Forbes followed up his successes at Sandwich by winning the scratch challenge medal presented by Mr. A. H. Mathison, and Col. W. Pott won the spring silver medal (handicap). On the second day Mr. J. Kenrick won the Duncan challenge scratch medal, and tied with Mr. H. L. Forbes for the aggregate prize (handicap), and Mr. W. Marshall won the handicap prize. At the annual general meeting, held on the 5th inst., Mr. H. L. Forbes was elected captain for the year, and the retiring members of the committee and the hon. secretary were re-elected, and the limit of membership was enlarged to 300. Scores.—Thursday:—

LANARK GOLF CLUB.

The spring meeting was held on Friday and Saturday, 27th and 28th ult., under very unfavourable conditions as to weather. The Hutchinson cross (presented by Colonel Hutchinson, of Hooperfield) is the scratch prize of this meeting, and the two rounds which are played for it on Friday also decide the possession of the Forrest cup and the G. H. Gibson-Carmichael prize (handicap). For some time back the green-keeper has been busy with his assistants getting the green into summer order, and it was last week in first-rate condition. The tee had been put back to their furthest limits, and this has to be taken into consideration, as well as the tempestuous north-wester which raged all day, when it is noticed how high the scores were. After all had gone round it was found that Dr. Vassie had gained the scratch prize with 136 for the twenty-eight holes, Mr. Renwick came next with 138, and Mr. Haddow with 139. Mr. Renwick's score, 138, less 8=130 gave him the first handicap prize; Mr. George H. Gibson-Carmichael gained the second with 141, less 10=131; Mr. Hodgson was third with 148, less 15=133; and Mr. Haddow came next with 139, less 5=134.

On Saturday the forenoon was brighter and the wind was not so high, and this brought out a large field to compete for the Highland Light Infantry silver cleek and gold ball, both played under handicap. During the night there had been a frost of seven degrees. This had told on the closely mown young grass, and made the putting-greens treacherously keen till the rain began to fall, and the scores were still much higher than usual. When cards were handed in, Mr. James Annan (captain) was declared the winner of the Highland Light Infantry cleek with 133, less 14=119 for the twenty-eight holes; and Mr. McMartin of the gold ball with 142, less 20=122; Mr. Horn was third with 130, less 7=123.

LURGAN GOLF CLUB.

On Saturday, April 28th, the opening meeting of this club was begun in the most favourable circumstances. The club was started some months since, and so well has the Royal and Ancient Game taken hold in Lurgan that its numbers already reach almost one hundred and fifty gentlemen, and forty lady members. As to the links, they are situated in the beautiful demesne adjoining the town. The course, which is a twelve-hole one, has been most admirably laid off by the captain, Mr. H. G. MacGeagh, and is one of the most perfect inland links in Ireland. The sward is very fine, and the natural advantages of the ground, supplemented and improved by several artificial bunkers, greatly add to the sporting nature of the links. The longest hole is 350 yards, and the shortest a pitch of about 90.

The competition on Saturday was by holes under handicap, open to members of all recognised Golf clubs, and the prize, a very handsome solid silver challenge cup, presented by the president of the club, Mr. James Malcolm, D.L. The entries were good, comprising representatives of most Ulster Clubs, and the arrangements admirably carried out by the executive.

MARPLE GOLF CLUB.

The club monthly medal was competed for on Saturday, April 28th and the winning score of Mr. H. P. Hill was a meritorious performance. The conditions were not most favourable, as the long grass made the lies in places difficult, though the putting greens were in fine condition. Mr. Hill returned both the lowest gross and net score and made a record on these links in a competition round. He also put in a win for the captain's cup. The play all round was above the average, and the scores lower than anticipated in the present state of the course. The best scores returned were:—Mr. H. P. Hill, 99, less 14=85; Mr. J. Tattersall, 124, less 30=94; Mr. W. Livesey, 106, less 11=95; Mr. A. Simon, 111, less 16=95; Mr. F. Cox, 124, less 28=96; Mr. H. Eskrigge, 113, less 15=98; Mr. D. G. Holmes, 117, less 19=98. Seven other competitors made no returns, or had scores over 100 net.

MACHRIHANISH GOLF CLUB.

The members of this club, to the number of thirty-one, competed on April 27th, for the gold medal (scratch) and several handicap prizes.

Although the day should have produced better scores, most of the cards handed in, except that of the medallist, were much above an average. Mr. D. C. Greenlees secured the medal with a score of 90, of which the details were:—Out, 6 5 4 4 4 5 7 5 4=44; in, 6 7 4 6 5 4 6 4 =46; total, 90. In handicap order some of the best scores were:—

MANCHESTER GOLF CLUB.

On Saturday, April 28th, a sides game took place between the English and Scotch members of this club. A little difficulty was experienced in getting well-balanced teams together, owing to a local competition in which several members of the club were engaged; but the result showed that the players were fairly well matched on the whole. Although a larger number scored for Scotland, that country was defeated by two holes in the total. The particulars are as follows:—

ROYAL EASTBOURNE GOLF CLUB.

The above club held its spring meeting on April 27th and 28th. On the first day there was a high wind all morning, otherwise it was a good golfing day. The course was in first rate condition after the rain and the greens were very good. Mr. Gardner was the winner of the Club gold medal for best scratch score; his score would have been a very fine one except for a 13 at one hole. He is to be congratulated on his performances of the two days, as he will now be in the proud position of scratch after his score of 81 on the second day. There were about fifty members playing each day. Saturday was a real good golfing day, with the exception of one shower, and the wonder is there were not more good returns. Mr. Hughes had very hard lines, as he was disqualified from taking the prize he won, through his partner (who had torn up his card) sheltering during the rain and refusing to go on. It was hoped that the competition would be played over the full eighteen-hole course which is now open, but the dry weather in March did not help the new greens, so the old nine holes (twice) were played, but the eighteen holes are now being played, and Mr. Horace

Hutchinson considers they will be a great improvement on the old course, as some of the new holes are most sporting. Appended are the results of the competition:—

WEST CUMBERLAND GOLF CLUB.

The final competition for the monthly cup took place at Siddick on May 5th, in glorious weather, and resulted in a somewhat easy victory for Dr. R. L. Clark, who thus becomes holder of the cup for twelve months, and also wins a gold brdge, presented by the club. In palliation of the high scores made at Siddick, it can be urged that the course is an exceptionally long one, there being two holes of 500, one of 600, and the shortest hole being 200 yards long. With the opening of the additional nine holes in the near future, it is confidently anticipated that the scoring will show a marked improvement:—Dr. R. L. Clark, 113, less 12=101; Mr. J. R. WEST LANCASHIRE SPRING MEETING.

The spring meeting of the West Lancashire Golf Club was held on Saturday, the 5th inst. over the Ifall Road Links. The greens were in capital order, and the day proved very favourable for golfing. As a result good scores were anticipated, and the returns showed several of more than ordinary merit. Mr. H. H. Hilton went round in 73, which is a record for the links, and won the club challenge gold medal and the accompanying memento. The details of his score were:—Out, 6 3 4 5 5 5 4 3 6=41; home, 5 3 4 3 3 4 3 4 3=32; total, 73. The next best scores were made by Mr. T. H. Luzmore, 82; Mr. A. Rankine, 85; Mr. J. W. Fowler, 86; Mr. W. T. Armour, 87; Mr. H. J. Chisholm, 88, and Mr. J. Reid Moir, 89. The first handicap prize and the first optional sweepstake fell to Mr. Rankine, captain of the club, to the excellent card of 85, less 7=78. Mr. T. H. Luzmore and Mr. H. E. Clare tied for the second and third prizes; and divided the second and third sweepstakes. By his return of 80, added to 86 at the last autumn meeting, Mr. Luzmore handed in the best aggregate score at the two meetings, namely, 166, and thus recorded a win for the M'Laren cup, the gift of Mr. C. M'Laren, which, unless won twice by the same player at or before the spring meeting of 1897, will then be played off for by the six holders. The previous holders were Mr. G. R. Cox, jun., Mr. F. Litchfield, and Mr. H. Durandu. After the competition, in which fifty-eight couples had taken part, was over, the members dined together in the club-house, and during the proceedings Mr. A. G. Rankine was installed captain with musical honours. The cards below too net were as follows:—

WIMBLEDON LADIES' GOLF CLUB.

The spring meeting of this club commenced on Saturday, April 28th, with foursomes, medal play, for club prizes. On Tuesday, May 1st, three prizes were played for; a silver-mounted umbrella, presented by Miss Blanche Martin, hon. treasurer, Ladies' Golf Union, for best nine holes, scratch, was won by Miss A. Kenyon Stow in 38.

Miss A. L. Tyrwhitt Drake's prize, old silver teaspoons, was won by Miss Helen Frere, with the excellent score of 84, less 10=74. The open handicap prize, presented by the Hon. Mrs. Jolliffe, was won by Mrs. Maynard, 92, less 13=79; an admirable score, made as it was during the worst part of a most difficult scoring day.

On Thursday, May 3rd, the weather was perfect, greens true, and scoring comparatively easy. Mrs. Muir's prize, a pair of silver-backed brushes, was won by Mrs. J. A. Peat, 85, less 11=74. Miss N. Martyn's prize, a pair of gold sleeve links, was won by Mrs. N. R. Foster, 89, less 13=76.

On Saturday, May 5th, a handsome club prize was competed for, under handicap, by members and associates. Mr. N. R. Foster was the winner, 68, plus 6=74 (this is the record for the green). The scratch prize for best nine holes, presented by Mrs. Burrell, was also won by Mr. Foster, 33, but he could not take both prizes. Miss Issette Pearson and Mr. Laidlaw Purves tied at 34, the tie was played off during the week.

The handicap club challenge cup, with memento, for aggregate of three scores made at the spring meeting, was competed for this year for the first time, and won by Miss G. Hassard Short, 83, 80, 81=244.

Mrs. Dowson's prize for the best two, out of three drives, was won by Miss Issette Pearson, 119 yards, 1 foot, and 119 yards, 1 foot, 8 inches (carry).

The annual general meeting was held on Saturday, May 5th, Miss Lena Thomson, the captain, naming Mr. N. R. Foster as her delegate in the chair. The new captain, Miss A. Tyrwhitt Drake, was unanimously elected; the committee and office-bearers were re-elected, with the exception of the member and associate retiring by rotation, Miss N. Muir and Mr. J. Gane were elected in their place. The prizes were then distributed by the new captain, and the proceedings closed with the usual votes of thanks, &c.

WINDERMERE GOLF CLUB.

The links of this club are in capital condition, the course being greatly improved by the laying out of a new putting-green within the last fortnight. The greenkeeper is paying special attention to the greens in view of the forthcoming competitions at Whitsuntide, and the two days' tournament open to amateurs throughout the United Kingdom to take place on May 25th and 26th, for which large entries are expected. This club has made rapid progress (the membership still increasing fast), and it has every prospect of a grand future, particularly with good club-house accommodation as recently provided. Such splendid links practically on the margin of Lake Windermere, enjoying most charming views of the lake and mountain scenery, thus centrally situated for the whole of the Lake District.

On Saturday last the first of this season's gentlemen's monthly com-

petitions was brought off in magnificent weather, the following being the eight best net scores:—Mr. H. M. Marshall, 90, less 10=80; Mr. C. Dunn, 90, less 6=84; Mr. A. R. Toolis) handicap, limit 15. There was a fairly strong wind, but fortunately the day was fine, with the exception of a slight shower. The putting-greens were in perfect order, and reflected the greatest credit upon Tom Hood, the professional. Both prizes were won by Mr. Allen C. Sealey, and the following are the scores:—Mr. A. C. Sealey, 92, less 6=86; Mr. W. Gardner, 101, less 10=91; Mr. A. M. Ross, 88, plus 6=94; Capt. Ord, 103, less 8=95; Mr. C. J. E. Sparke, 113, less 15=98; Mr. A. S. On Saturday, the 28th, the following events were brought off:—The Baird challenge cup (scratch), presented by the captain of the club, carrying with it the championship of the club; the Bunbury cup (presented by Mr. H. T. C. Bunbury), handicap, limit 18; the Hon. Secretary's silver medal (presented by Mr. A. A. Ruston) handicap, 16 strokes and over. Two prizes—the first being a silver smoking lamp, and the second a box of balls—were also presented for the two best net aggregate scores of the two days' play. The wind was strong during the day, which, however, turned out fine. The following are the scores:—

Mr. C. E. Salmon, Captain Ord, Mr. J. Ryan, Mr. F. P. Chennell, Major Ord, Mr. H. Mann, Mr. W. C. Alston, Mr. J. V. Thompson, Mr. J. Ryan, jun., Mr. J. A. Ireland, and Mr. J. W. Deuchar did not hand in their scores. Mr. A. M. Ross was the winner of the Baird cup, and is therefore champion of the club. The Bunbury cup resulted in a tie between Mr. A. M. Ross and Mr. A. C. Sealey (the latter's handicap having been reduced to 4 for the club competitions after the first day's play). The council arranged that nine holes should decide the tie. Mr. Ross proving the winner with the fine score of 39, plus 3=42, against Mr. Sealey's, 48, less 2=46, the latter taking the first aggregate prize, and the former the second. The honorary secretary's medal was won by Mr. A. A. Ruston. In addition to the above club prizes, "The Eastern Counties Cup" was played for. This cup, presented by the club, is a handsome and valuable silver one. The competition was open to members, with handicaps not exceeding 12, of recognised Golf Clubs in the five Eastern Counties, the course being the same as for the club prizes. Competitors played under their own club handicaps, representatives from Cambridge University, Aldeburgh, Great Yarmouth, Royston, Norwich, Brancaster and the home club competing. Great interest was taken in this event, Mr. A. C. Sealey being first, 90, less 6=84; Mr.

Ross second, 80, plus 6=86; Mr. C. E. S. Innes third, 101, less 12=89; and Mr. Clifford Young fourth, 95, less 5=90. It is to be hoped that by next year arrangements will be made between the different clubs in these counties, by which a fitting challenge trophy may be procured, to be played for alternately over the links of the clubs interested, and which will bring out the best players in the Eastern Counties in friendly rivalry. The ball has been started rolling by the Worlington Club giving the cup to-day (which, however, being won outright, will not be available for another year), and it will be a pity if through the apathy of other clubs the competition inaugurated by this club should not be continued in the future. This, the first meeting of the above club, has proved most successful, and on all hands one heard the council being complimented on the picturesqueness of the links, the variety of the hazards, and the splendid condition of the course and the greens.

ARCHERFIELD.—A competition of this club was held on May 5th, when the president (Mr. T. D. Thomson's) prize, which was played for under the "Bogey" system, was won by Mr. James Bisset, who was three holes down against "the Colonel." In a second round Mr. G. Harrison Law won a silver cigarette-holder, presented by Mr. G. M. Law, with the fine natural score of 79.

ARDEER.—The members had their spring meeting on Saturday, April 28th. The committee have effected a number of improvements which lengthen the course. The following are the prize-winners:—First class—Mr. Alex. K. Murray, 86, less 10=76; Mr. H. Macfarlane, 86, less 9=77; Mr. E. D. Prothero, scratch, 78; Mr. James Laird, 86, less 4=82. Second class—Mr. James Gardner, 97, less 13=84; Mr. J. Donaldson, 97, less 13=84; Mr. Arch. Robertson, 101, less 14=87; Mr. D. M. Polson, 104, less 17=87.

CHELTEHAM GOLF CLUB.—The President's cup (handicap) and the gold medal (scratch) were played for on Saturday, May 5th, on Cleeve Hill. Result:—Mr. W. S. McGowan (cup), 97, less 18=79; Mr. A. E. CLACTON-ON-SEA GOLF CLUB.—Ashford challenge cup.—The first competition for the above cup took place on Saturday, 5th, therewith a fair attendance of players, and the greens were in very good condition, the winner for this month being Mr. C. J. Marsh. The following are the scores handed in:—Mr. C. J. Marsh, 107, less 20=87; Mr. S. N. Dimbleby, 97, less 7=90; Capt. Frayling, 122, less 25=97; Dr. W. G. Murray, 113, less 15=98; Mr. J. DIRLETON CASTLE CLUB.—The spring meeting was held on May 5th. A very large number of the members turned out. First prize and scratch medal, Mr. A. Lister, 79, plus 1=80; second, Mr. J. Lister, 81; third and fourth, Mr. J. Tulloch, jun., 82, and Mr. William Scott, 82; fifth and sixth, Mr. A. Johnstone, 85, less 3=83; and Mr. A. B. Thomson, 89, less 6=83.

DISLEY GOLF CLUB.—The spring meeting was held on Saturday May 5th, when the members competed for a prize given by the President of the club, Lord Newton of Lyme. Mr. E. Hutton took the first sweepstake, the second and third being divided between Messrs. R. W. Hutton, G. C. Liebert, and T. C. Norris.
