

### Don't miss this OPPORTUNITY

Michigan State University Turfgrass Extension Specialist **Dr. Kevin Frank** will be providing a special Research Tour at 9:30 am and repeated at 1:30 pm during Wednesday's Field Day. Among the topics that will be addressed:

- Managing necrotic ring spot in Kentucky bluegrass.
- Effects of pre and post emergence herbicides on Kentucky bluegrass establishment.
- Best management practices for weed control.
- Controlling crabgrass with pre and post emergence herbicides.
- A decade of nitrogen leaching at MSU.

For more information visit the TPI Registration Desk.

## We Would Like to Thank Our Sponsors

**Turfgrass Producers International** would like to extend our sincere appreciation to all corporate sponsors for their support in helping to make TPI's 2009 Summer Convention & Field Days a success.

We encourage all attendees to express their appreciation to representatives of these fine companies and support their businesses.

We would also like to extend our thanks to the staff at Michigan State University and to the

following vendors for their contributions towards this year's Field Day:

Spartan Distributors, The Andersons, Rain Bird, Toro, Turfgrass, Inc. Weingartz Golf & Turf, Tri-Turf, Spears Manufacturing, D&G Equipment, Brady Lawn Equipment, Rhino Seed & Landscape, John Deere (Tractor), Bader and Sons, Lebanon Turf Products, Progressive Turf Equipment, John Deere Landscapes, Brillion Iron Works, Knox Fertilizer and Harrell's LLC.
